The Little Ann Assembly Instruction
By Laser Dollhouse Designs
Parts for assembly

- Door Assembly
- Roof Assembly
- Subfloor Assembly S1 thru S4
- 2nd Floor Assembly 2A, 2B & Fretwork
- 1st and 2nd Floors
- Fence Assembly
- Plexiglas
- Window Frames
- 1st Floor Walls 1A, 1E, & 1F
- Porch rails 1A, 1B & 1C
- Base Floor
Step 1. locate the Base floor and position as seen in Figure 1

Step 2. Locate Subfloor Assembly S1 thru S4 and insert S1 thru S4 tabs into Base floor matching Slots S1-S4 as seen in Figure 2
Step 3. Take the First floor marked 1A thru 1F and insert on top of assembled subfloor by aligning open slots to tabs. Refer to figure 3.

Step 4. Take 1A Wall and insert into slot 1A on first floor. Then insert door assembly thru cutout for the door opening. Refer to figure 4 and 5.
Step 5. Take the two rectangle and one half circle Plexiglas cutouts and insert into openings from the interior side of wall. Finally secure by placing the interior door frame in place. Refer to figure 6, 7 and 8.
Step 6. Take the porch rail 1A, 1B and 1C and insert into slots 1A-1C. Also place walls 1E and 1F into respective slots on first floor. Refer to figure 9.
Step 7. Place window frame on exterior of walls 1E and 1F
Refer to figure 10.

Figure 10

Step 8. Place window Plexiglas cutouts into cutouts of walls 1E and 1F from the interior side and then place interior frames to secure. See figures 11 and 12.

Figure 11

Figure 12
Step 9. Secure first floor by inserting second floor on top and aligning cutout tabs to slots on top of first floor rails and walls. See figures 13

Step 10. Place second floor walls 2A and 2b into slots provided. Refer to figure 14

Step 11. Place window frame and Plexiglas into 2A as done with walls 1E and 1F. See figure 15
Step 12. Align and place one side of the roof making sure the cut slots closest to the top are up as in figure 16.

Note: Two front cutouts, the most forward cutouts closest to the top is right side up facing.

Step 13. Place fretwork into roof by matching tabs and slots. See figure 17.
Step 14. Now add the other side of the roof by matching the tabs and slots. Refer to figure 18.

Step 15. Locate the post as seen in figure 19. This post fits to the front right forward corner. Place fence rail as seen in figure 20 into the side of post and into base. Once in place should be as in figure 21.
Step 16. Locate the fence rail as seen in figure 22 and add to opening in post. Next locate post as seen in figure 23 and insert fence and post to base. The circle to hold functioning gate should be at bottom.

Step 17. Locate final fence rail with swing gate along with remaining side fence and insert into base as seen in figure 24.
Step 18. Take stairs assembly and place within fence as seen in figure 25

The Little Ann is now completed. Time for some Happy decorating!!!
