

The Victorian Gazebo Assembly Instruction

By Laser Dollhouse Designs

Parts for Assembly

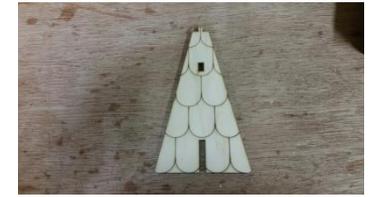

Frame Rails 7
enclosed 1 open

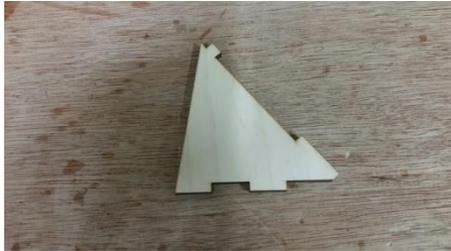

Stairs Assembly

roof cap assemb.

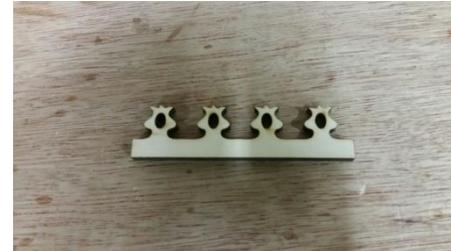

roof frames x 8

Roof support frames

Base floor supports

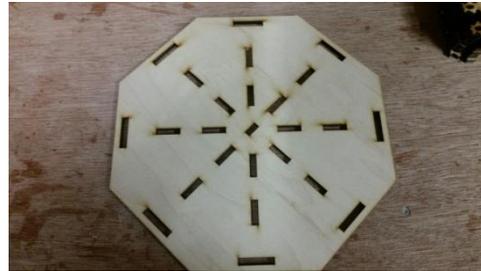

Roof Victorian trim

Lower Floor base

Main floor base

Roof base /ceiling

1. locate the main Base as seen in Figure 1 and flip upside down.
2. Using one of the (6) 3 tab base supports locate the one location on the main base where the two tabs do not align with the holes. This is your main entry side. Face this down toward you as in figure 2.
3. Take the two tab base support and insert into the location for the main entry. Figure 3.
4. Take the base support with the company name and insert into the two tab side into the base opposite the main entry base. Figure 4.
