

The Ashley 2 Assembly Instruction

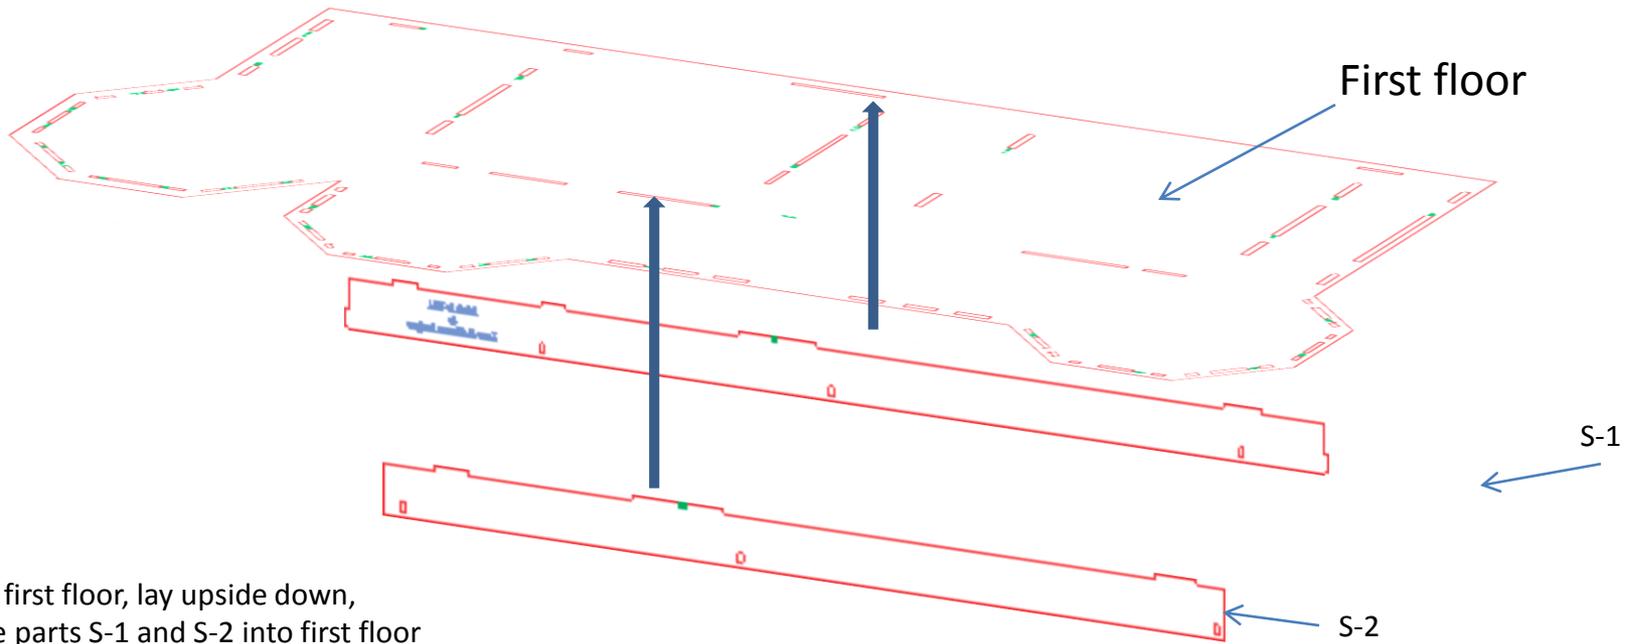

By Laser Dollhouse Designs

Base Floor assembly

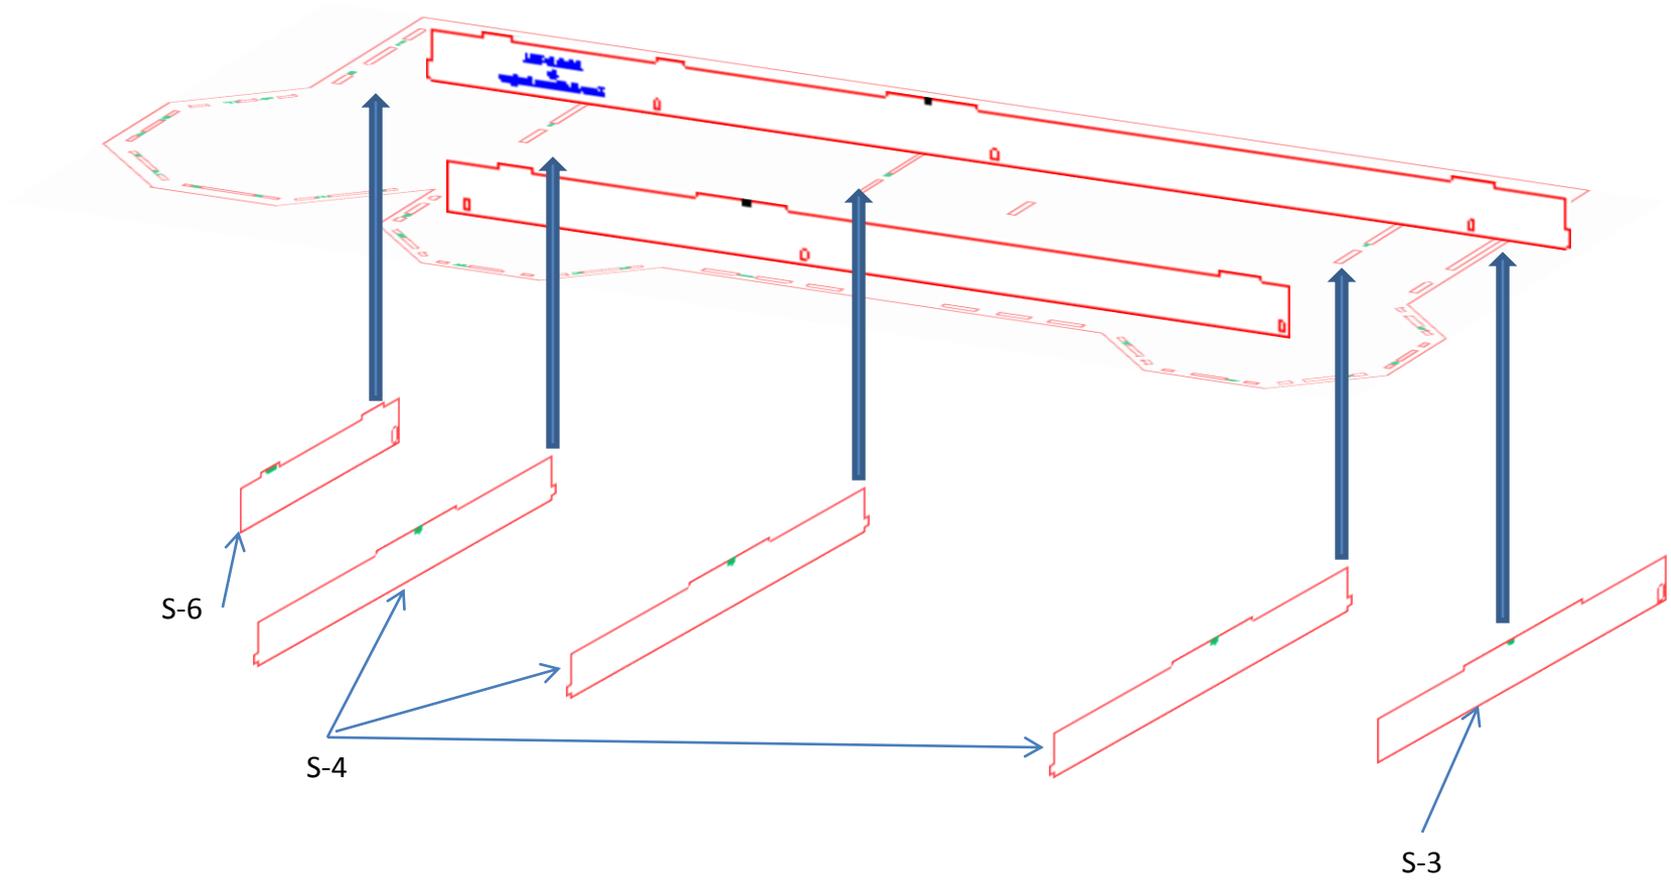

Parts Needed:

1. First floor
2. Parts S-1 THRU S-10, S-11 & S-11-2, S12 THRU S-20.
3. Note: There is NO S-5.....

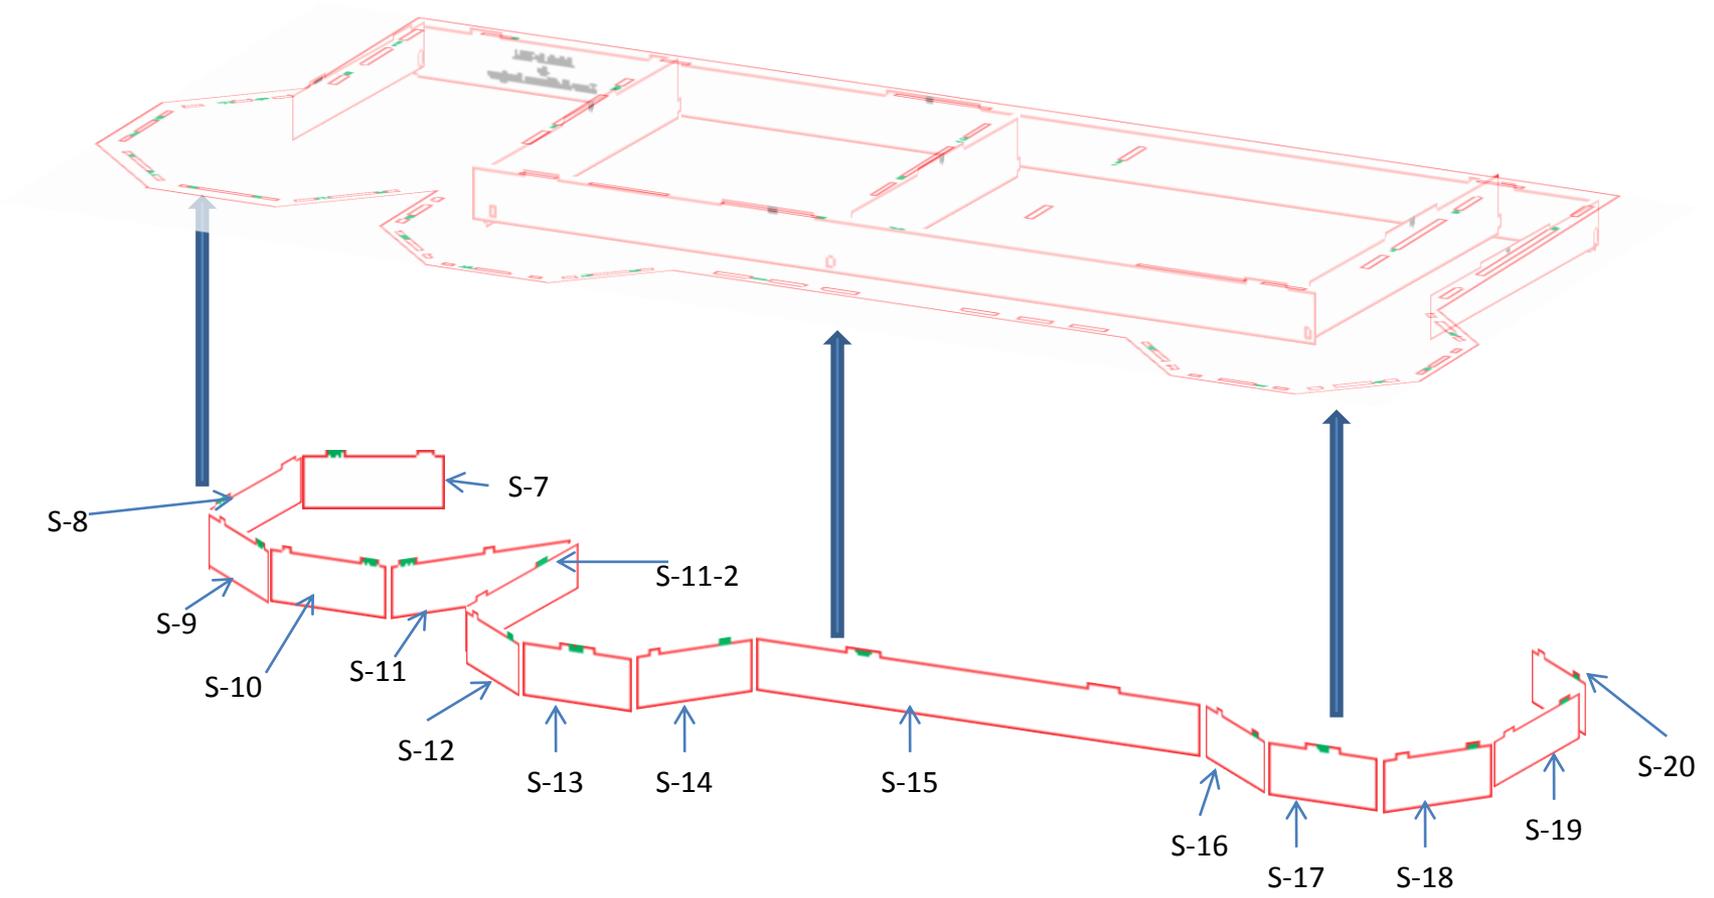

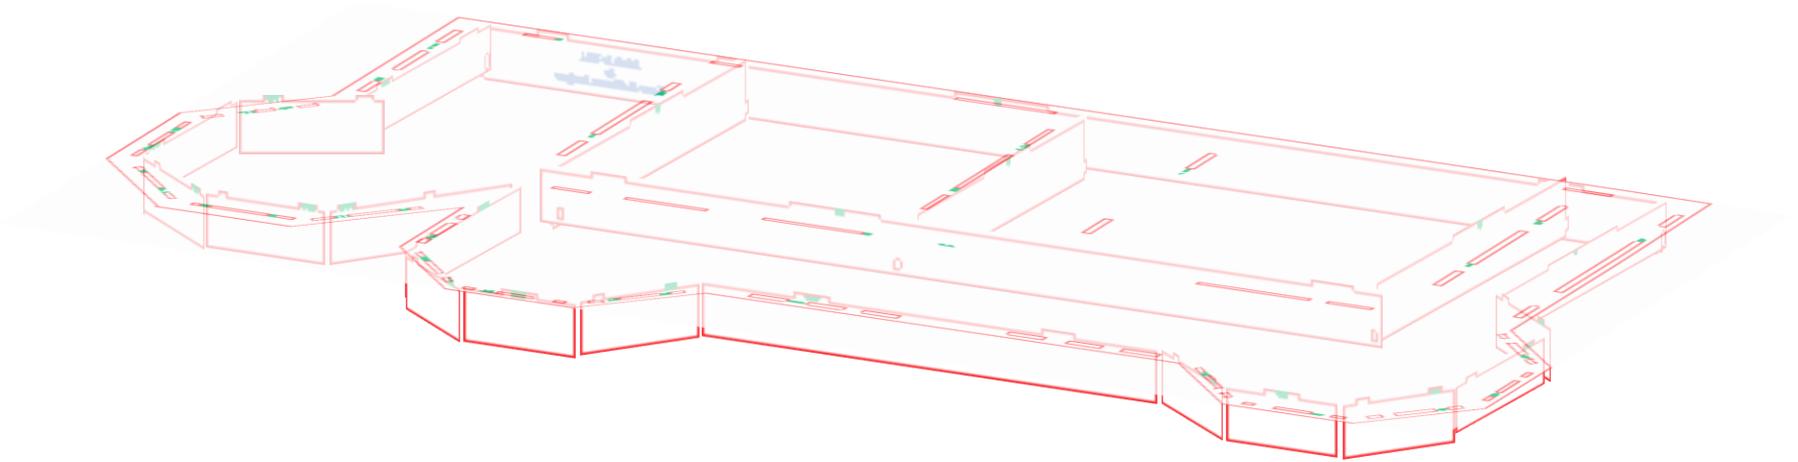

Take first floor, lay upside down,
Place parts S-1 and S-2 into first floor
matching tabs with slots.

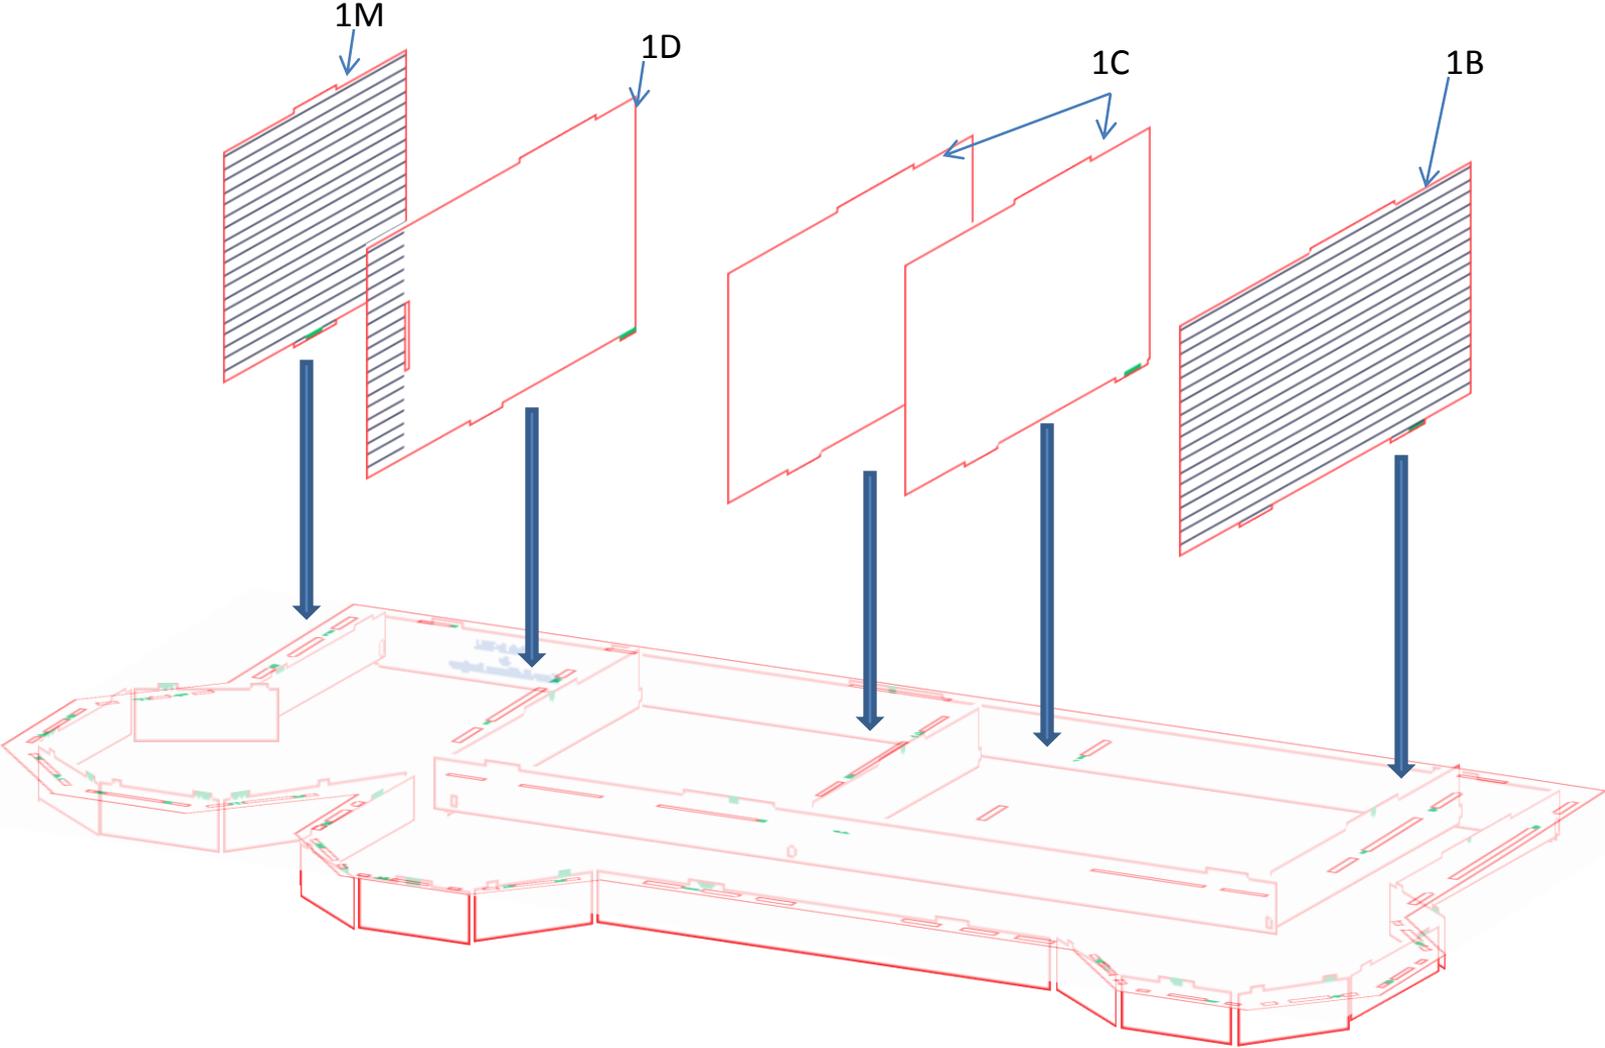

With parts S-3, S-4 and S-6 match and insert into first floor and parts S-1 and S-2.

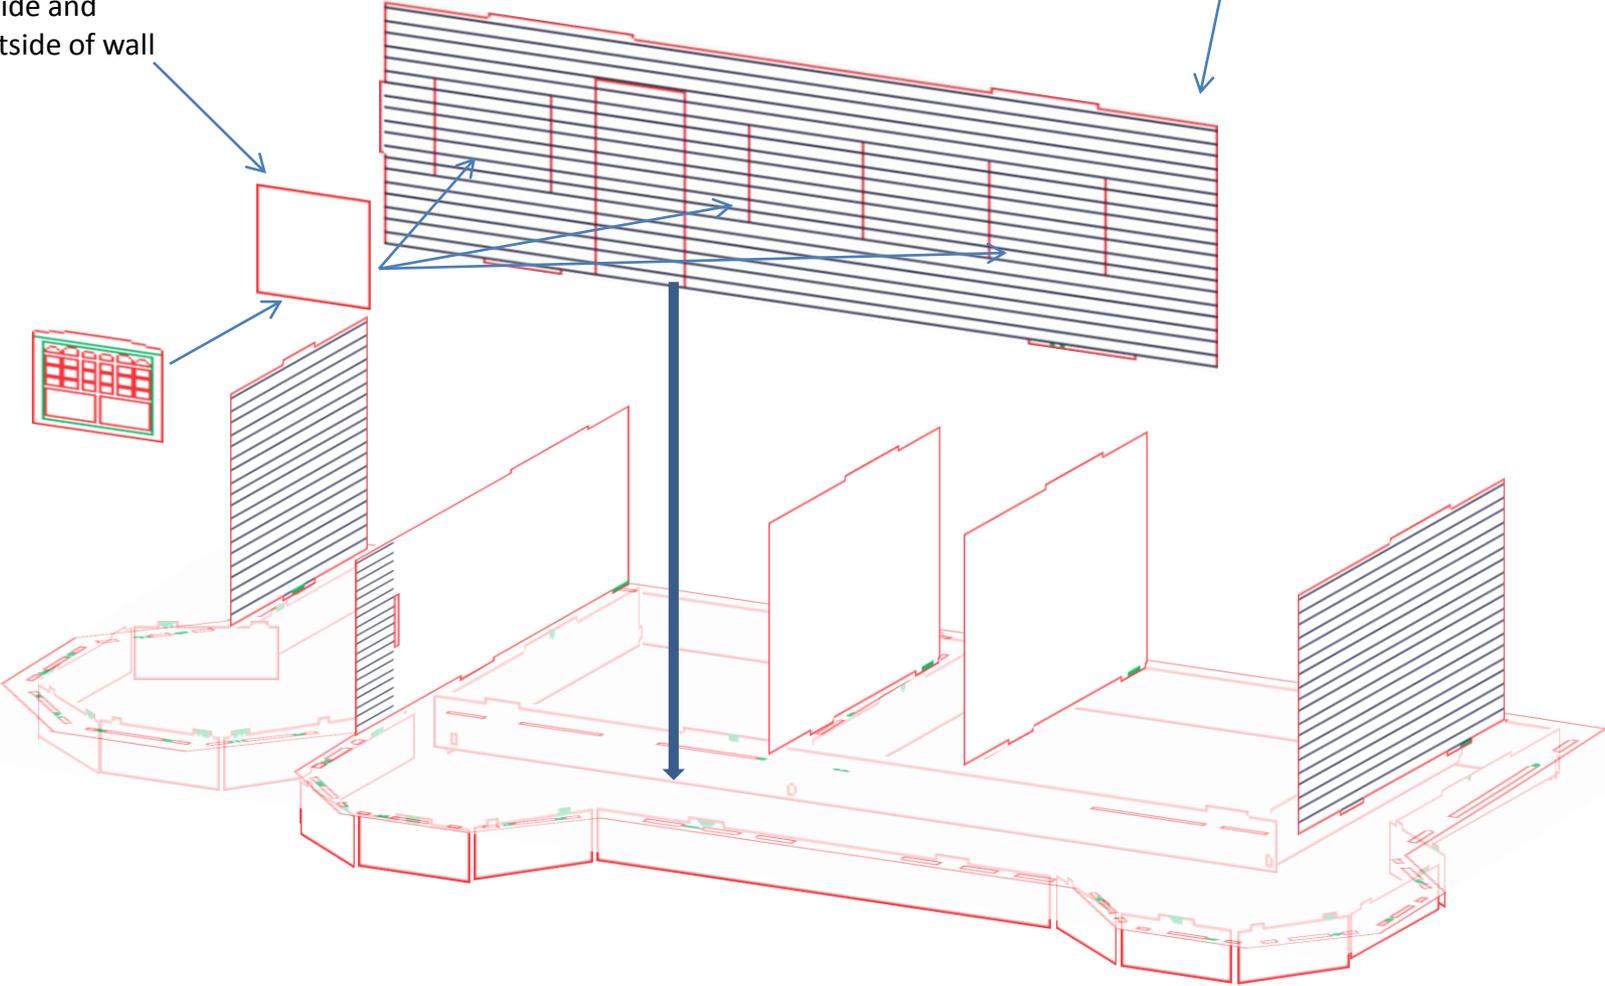

Subfloor Complete, we will now start the first floor walls.

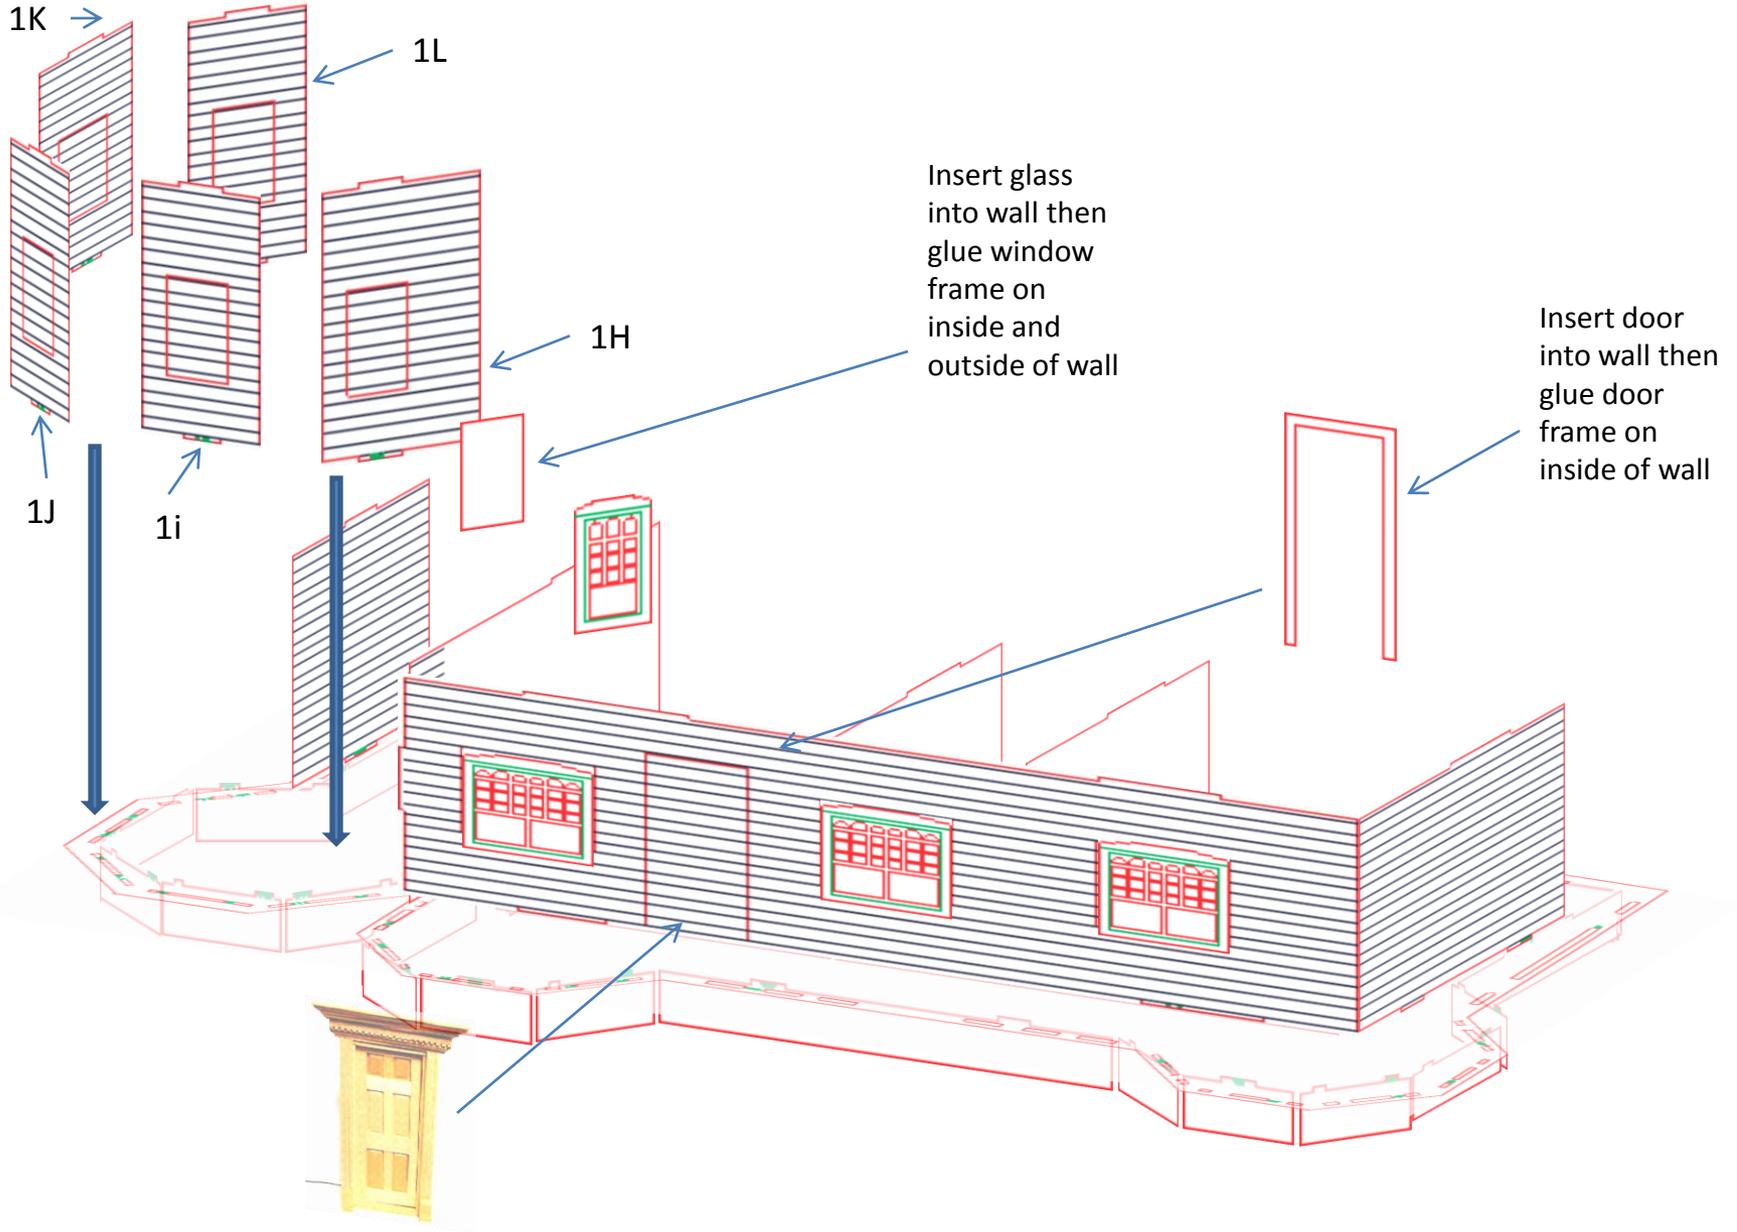

Now lets put the walls on the first floor.

Insert glass
into wall then
glue window
frame on
inside and
outside of wall

1A

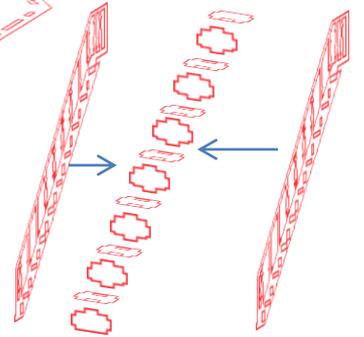

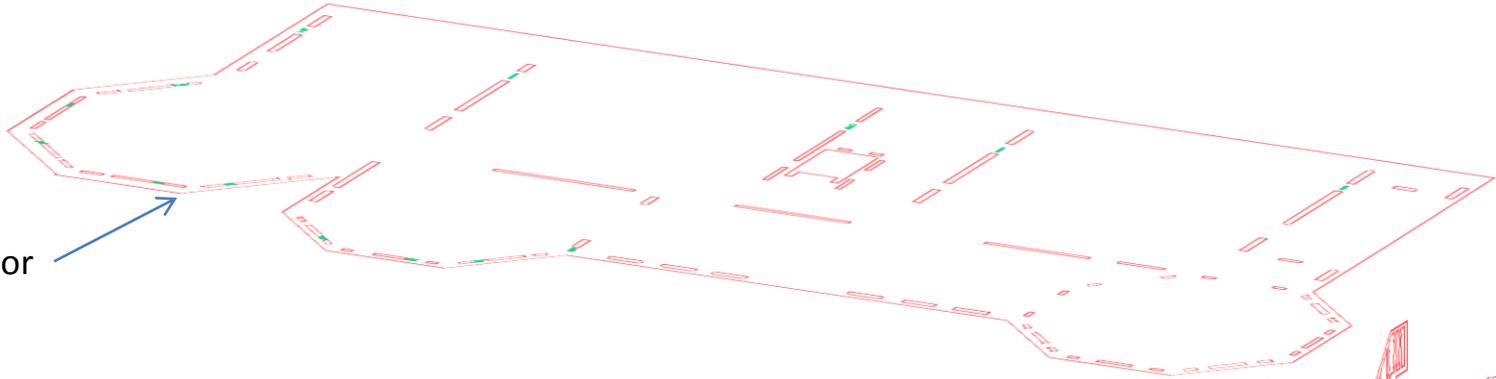

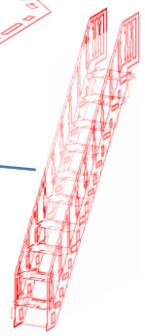

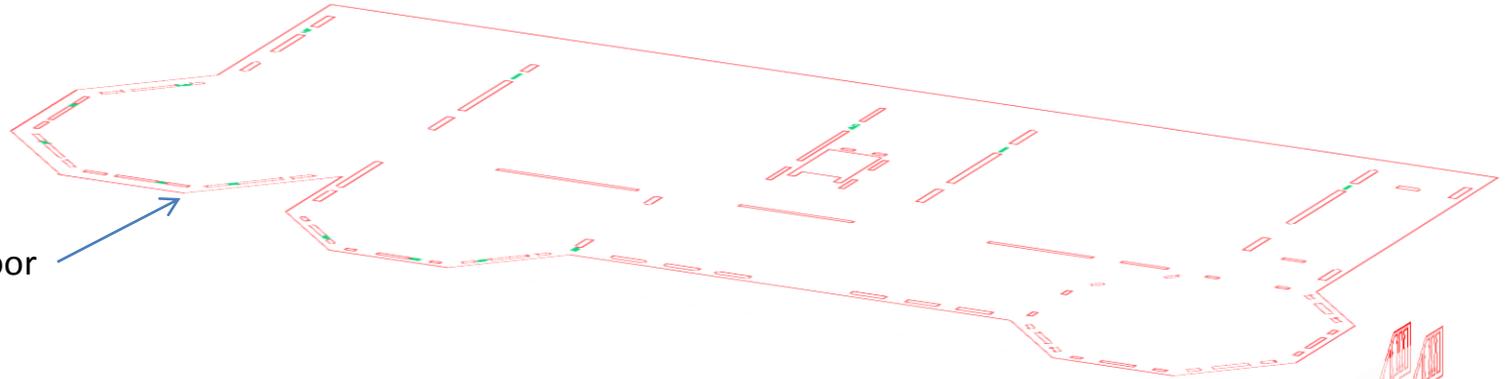

First floor walls complete, now lets insert the stairs and set the 2nd floor.

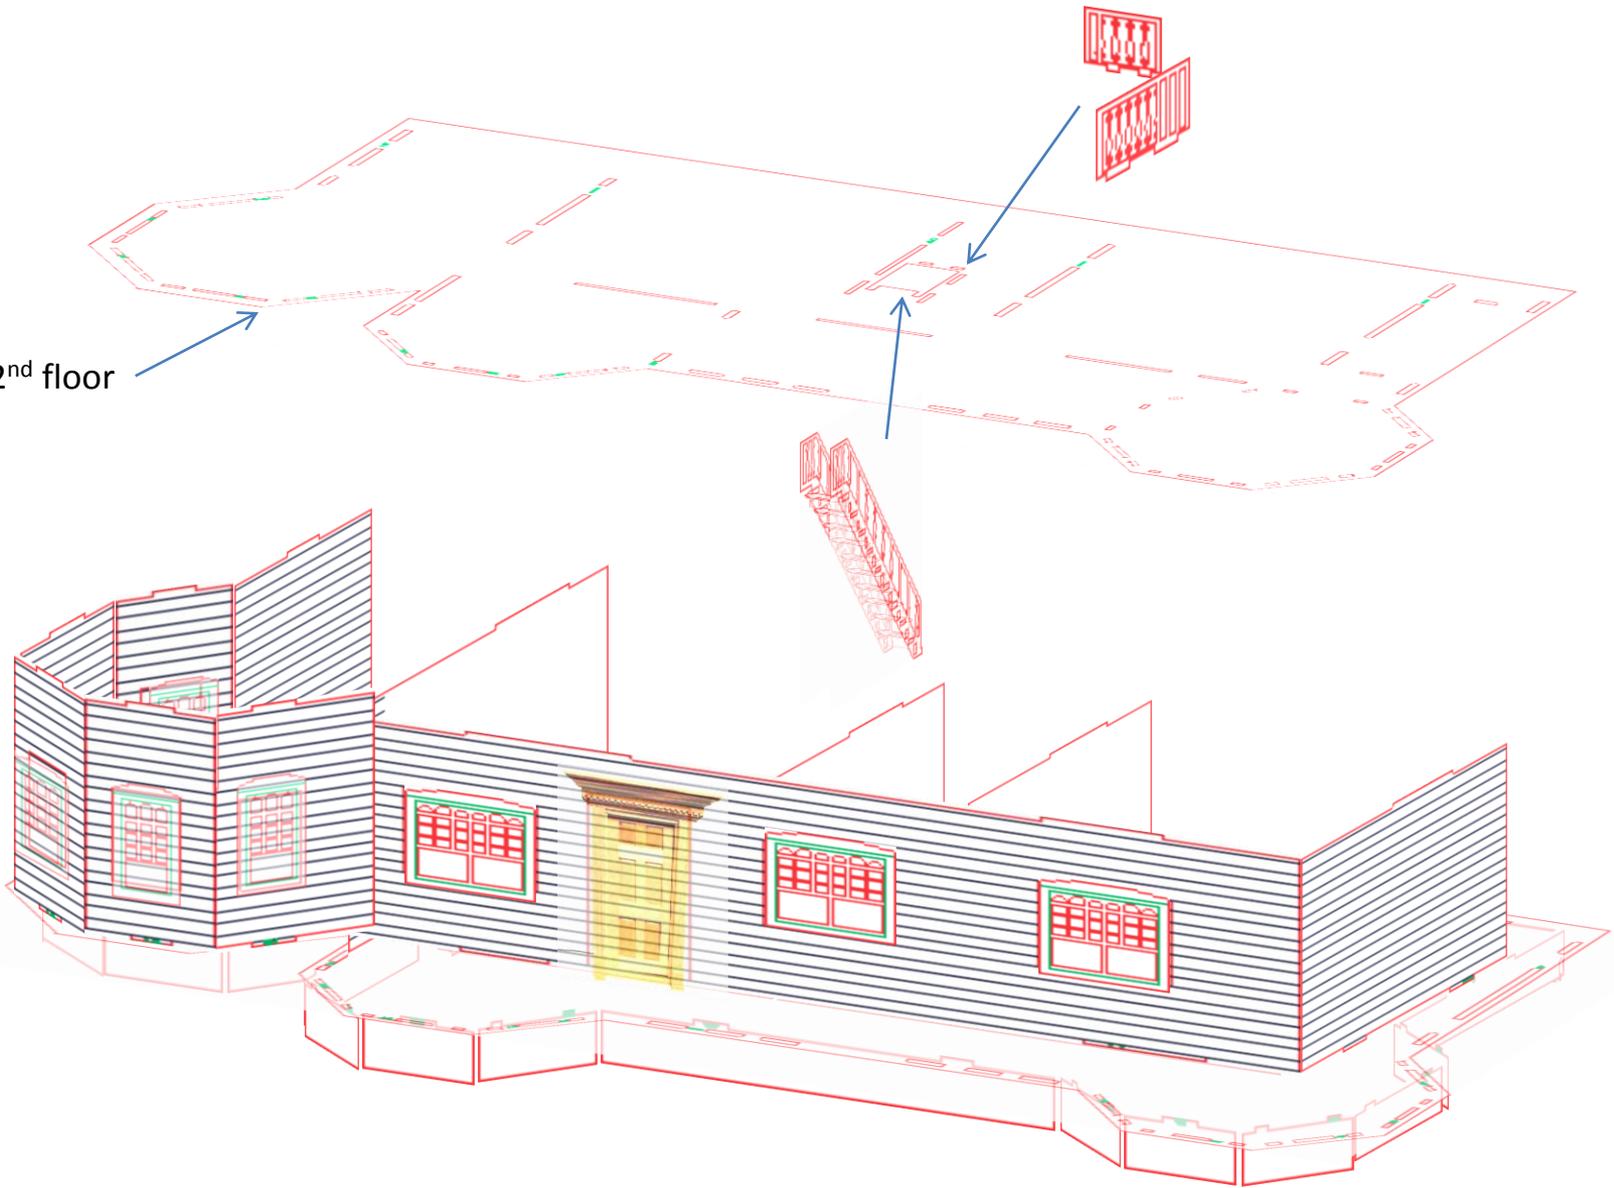

2nd floor

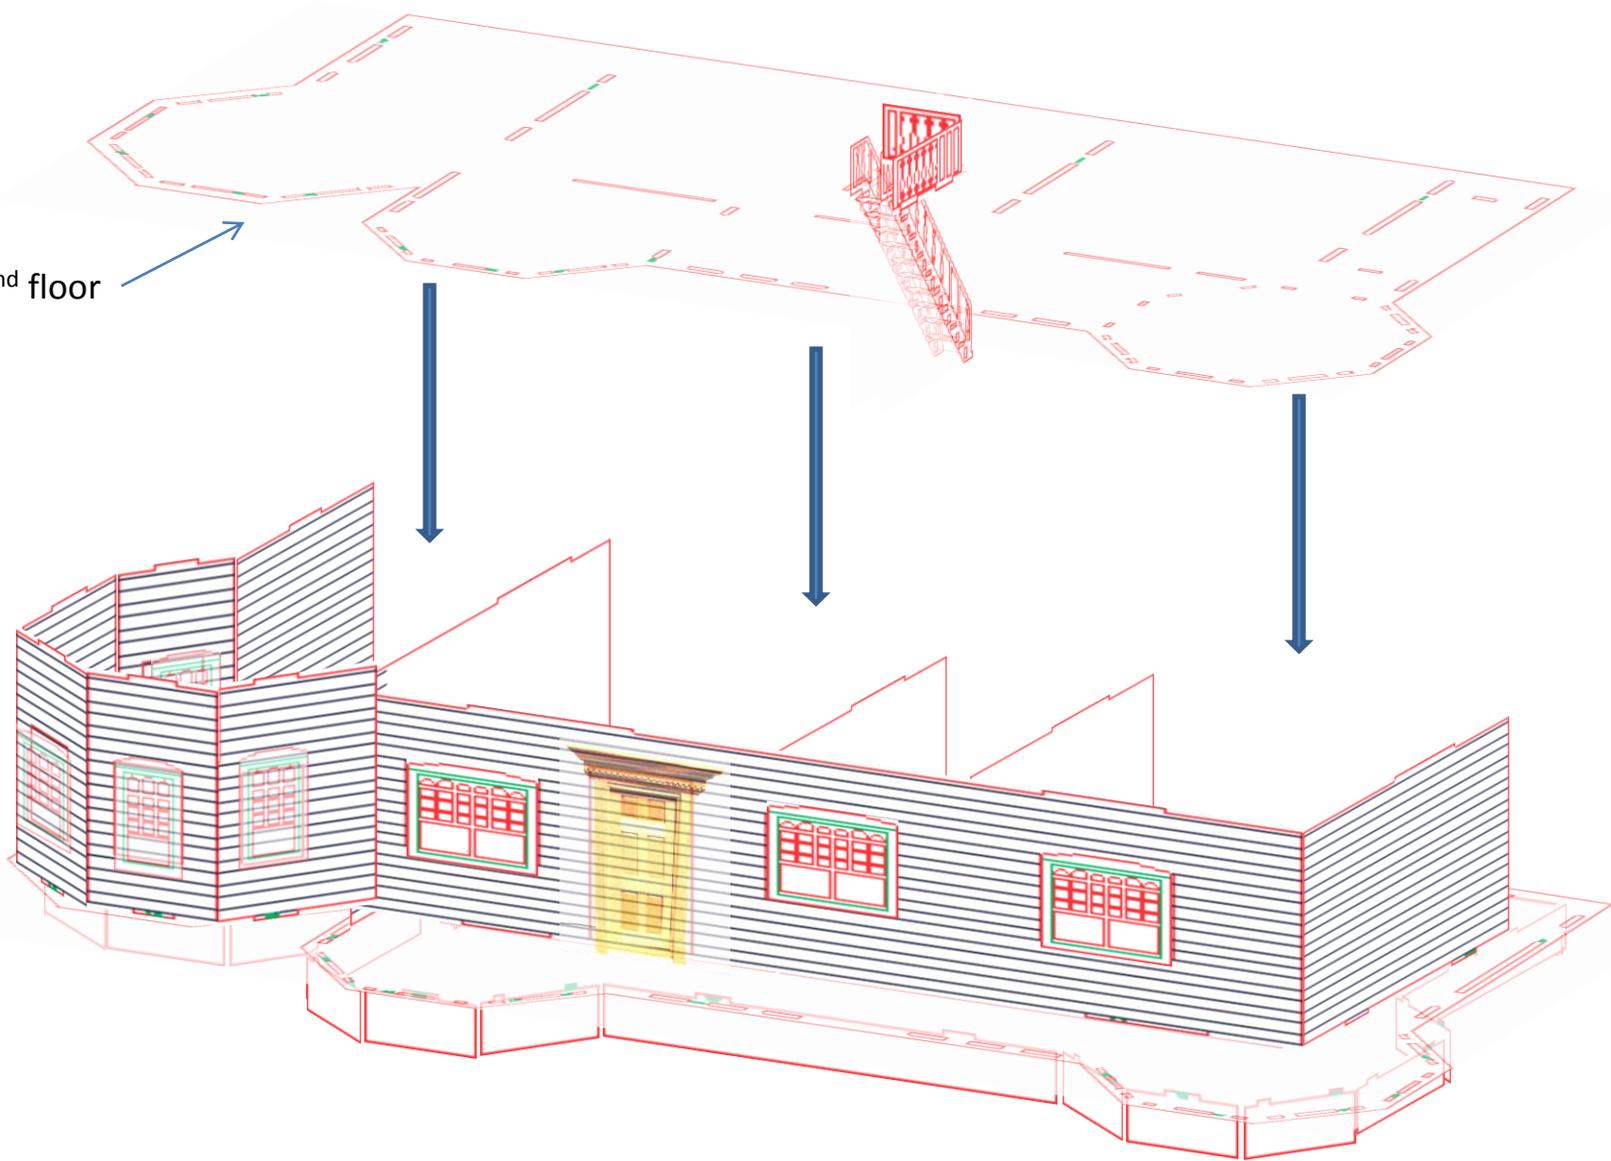

2nd floor

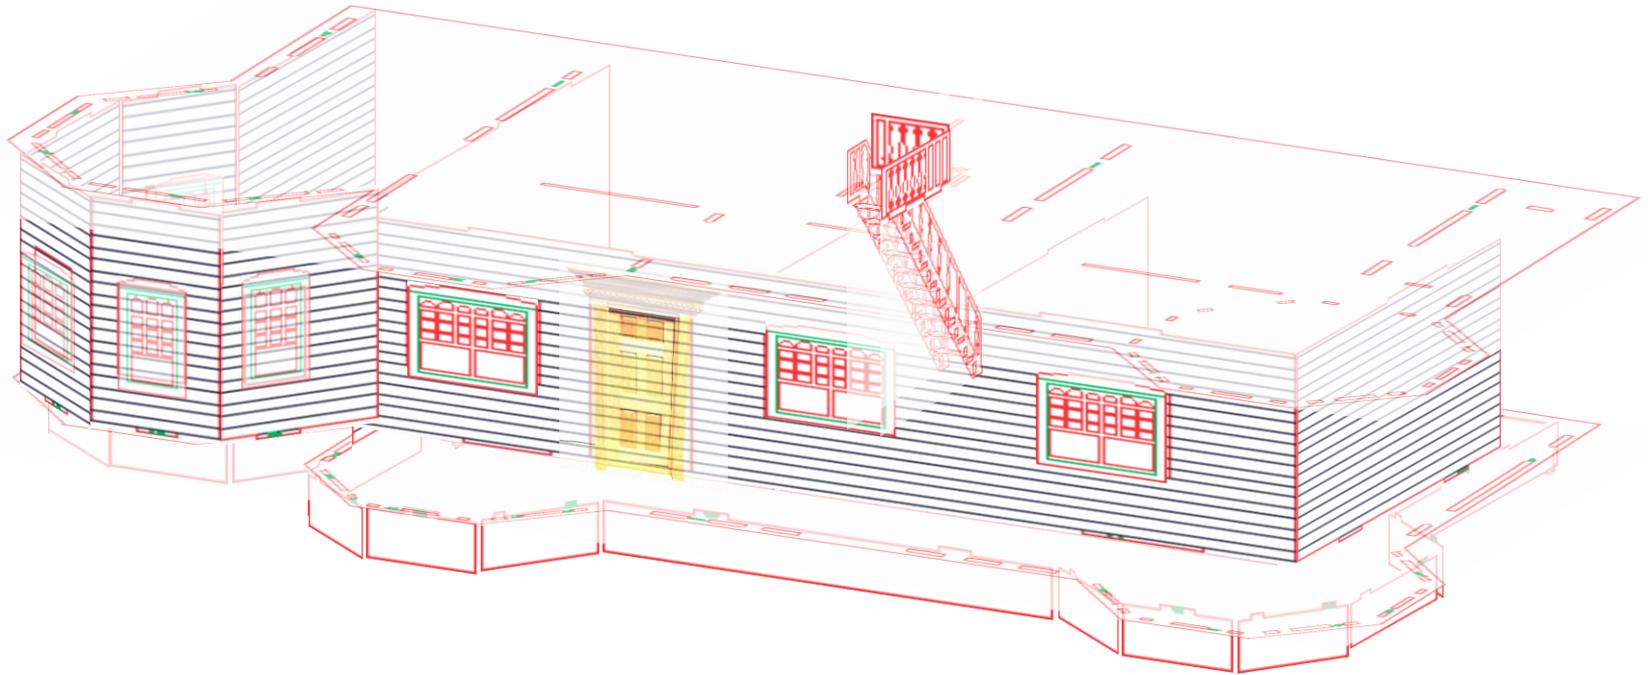

2nd floor

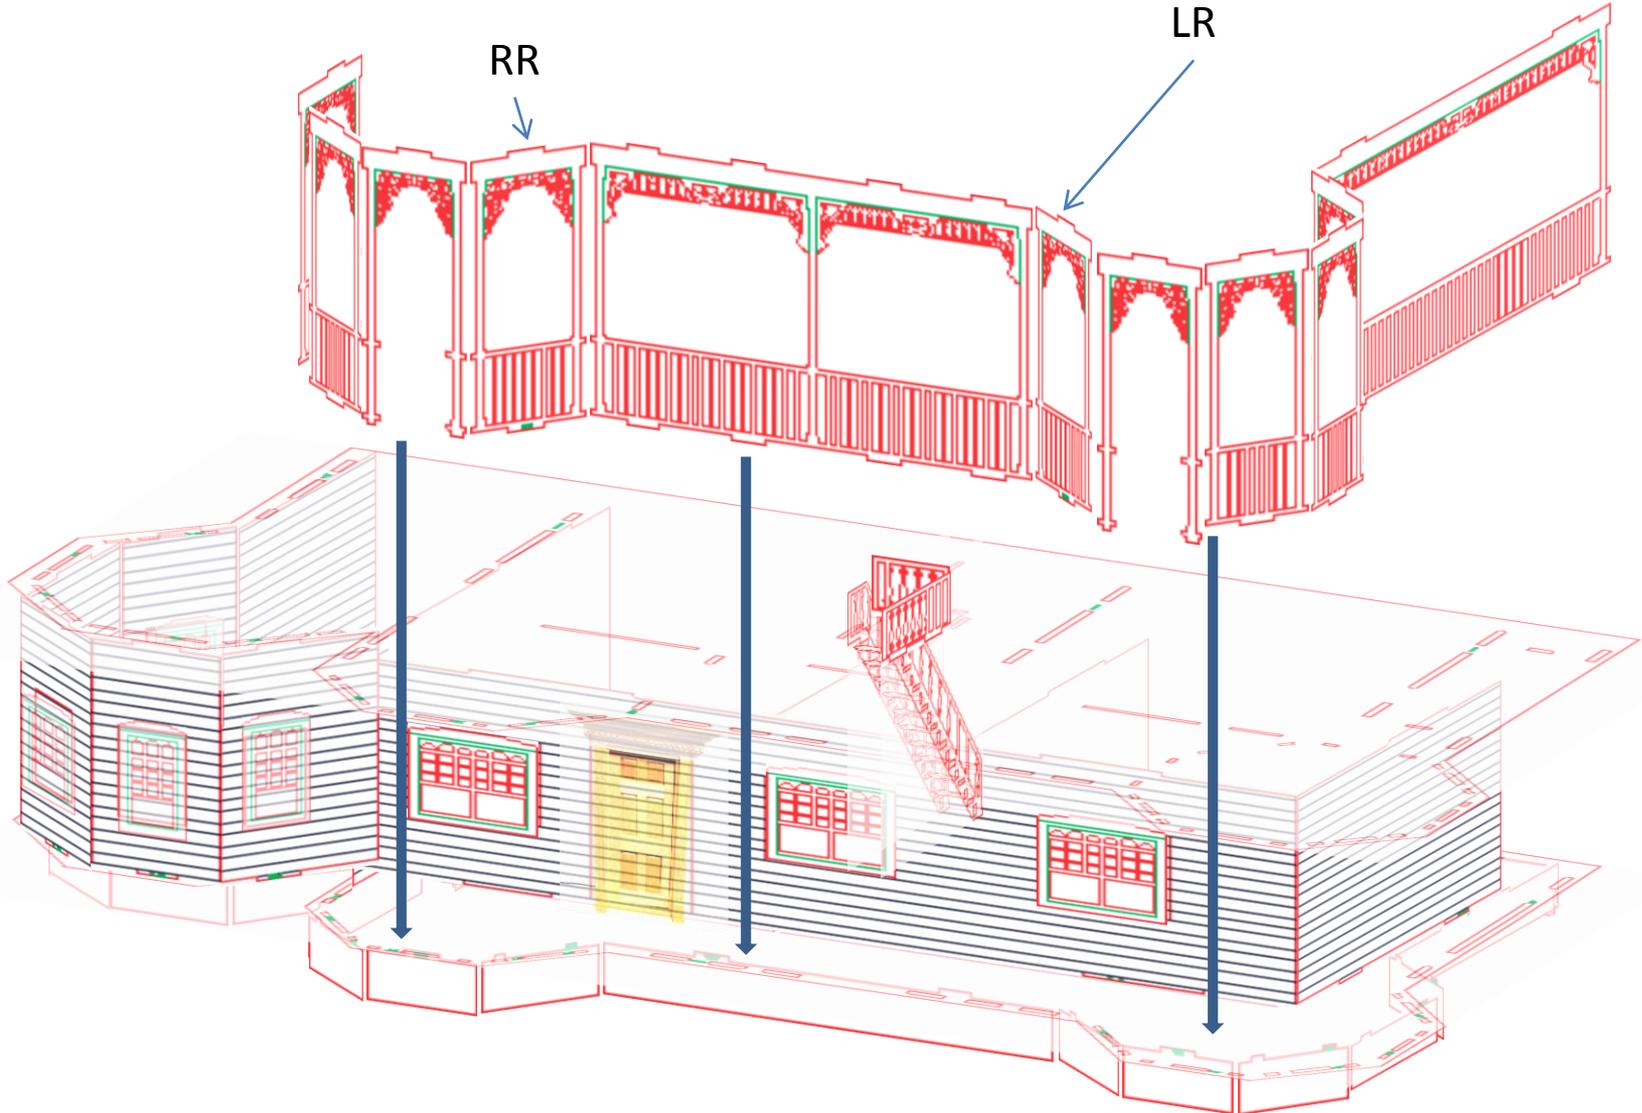

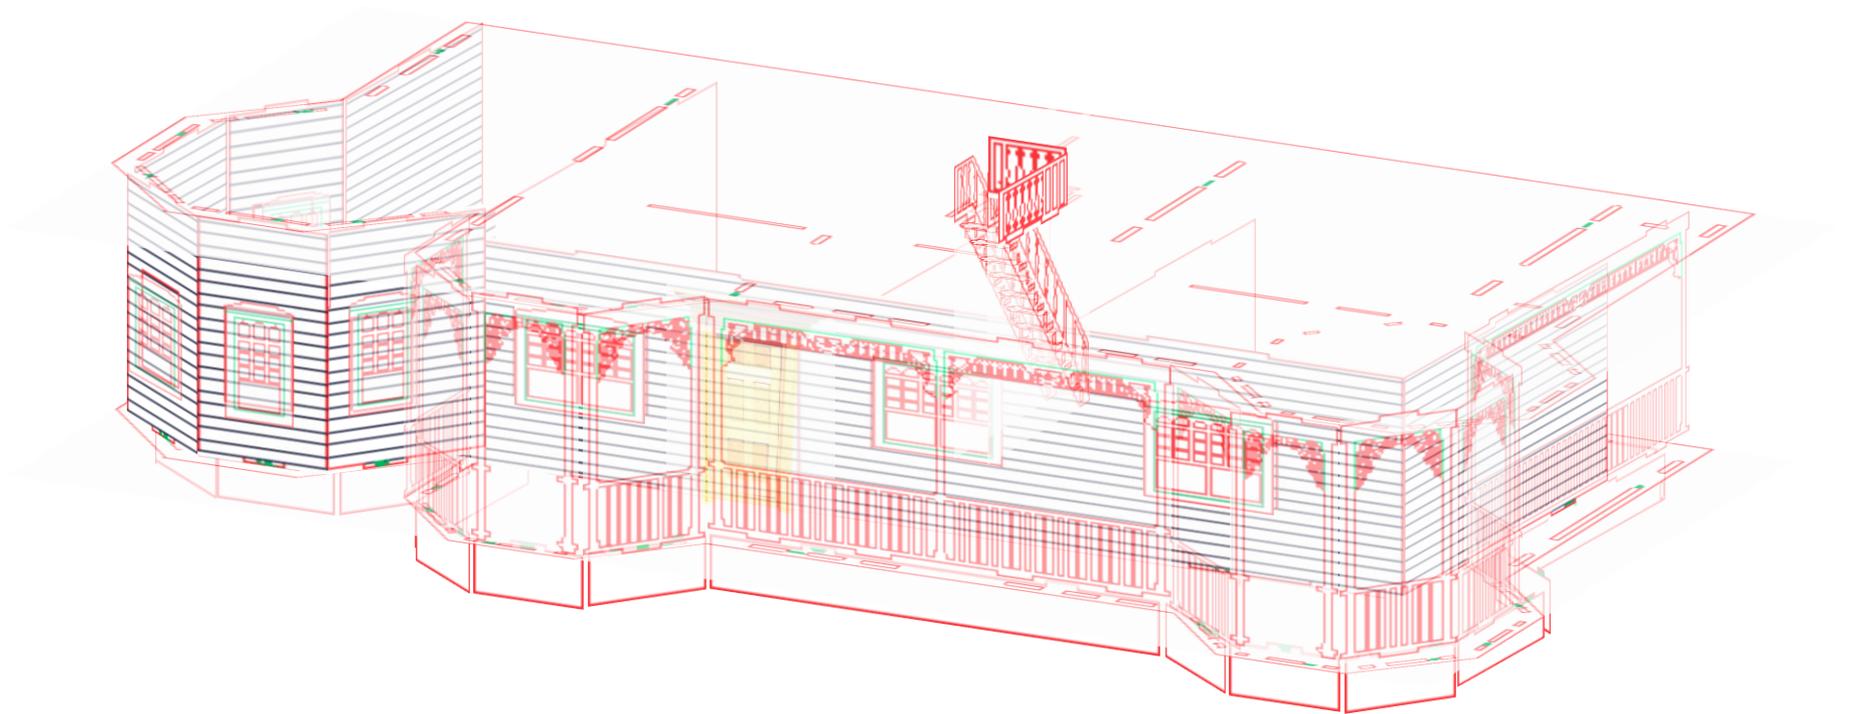

2nd floor

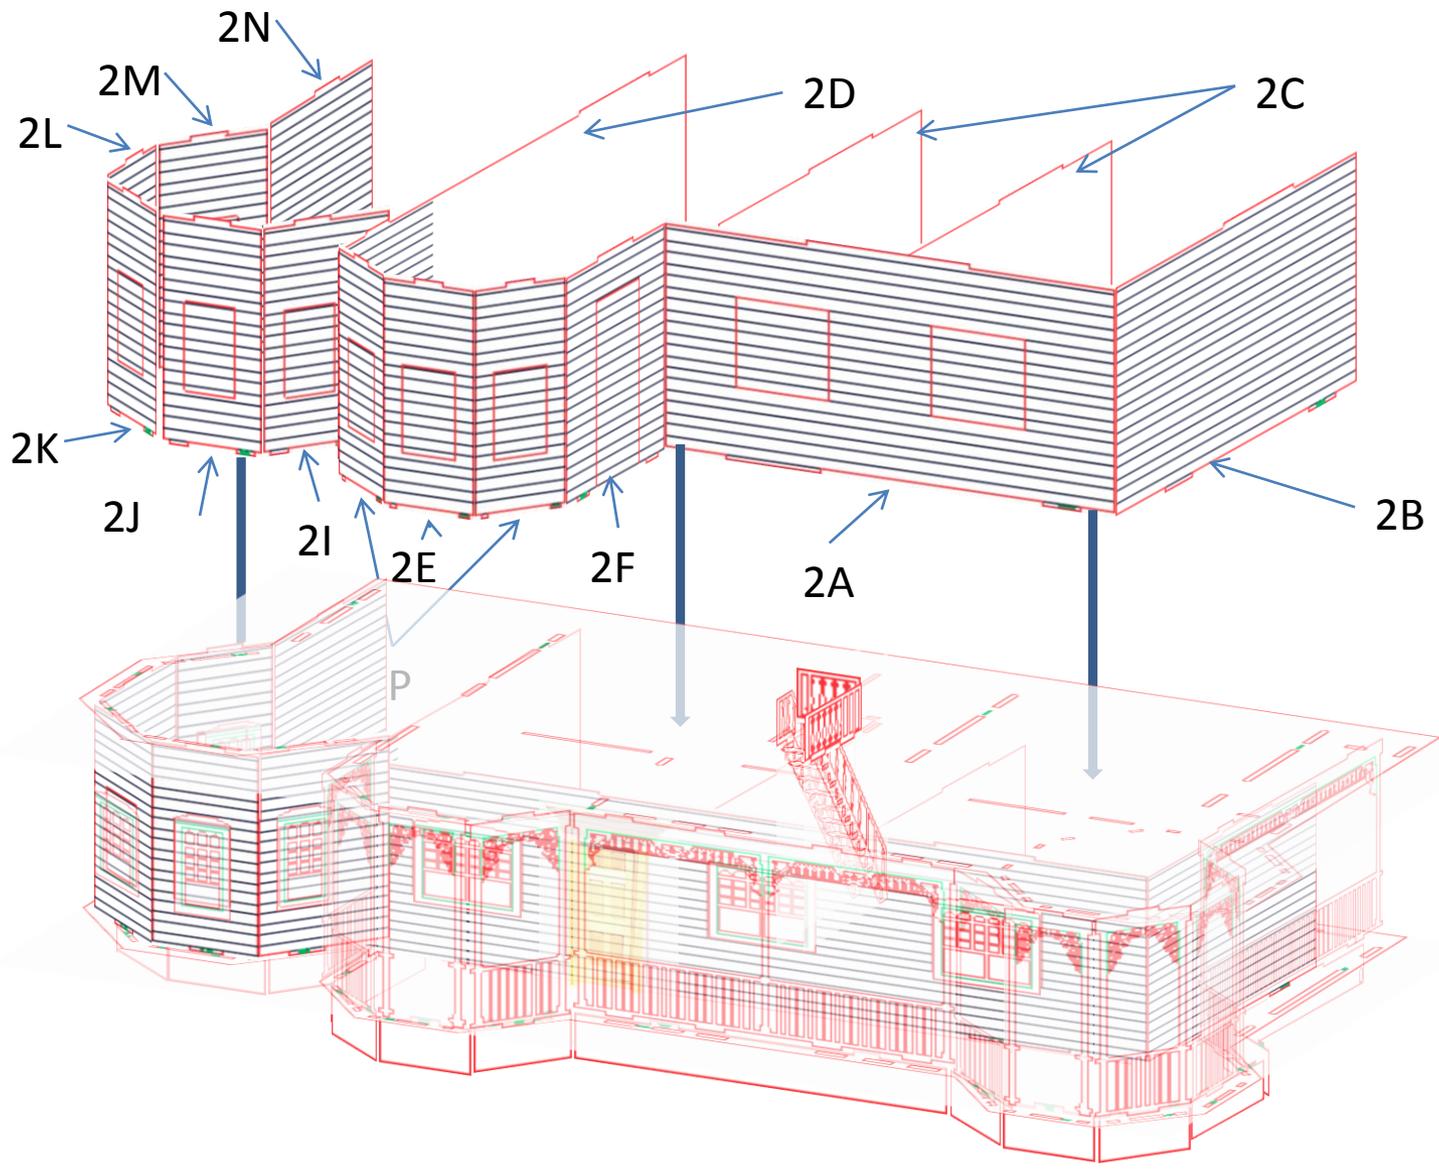

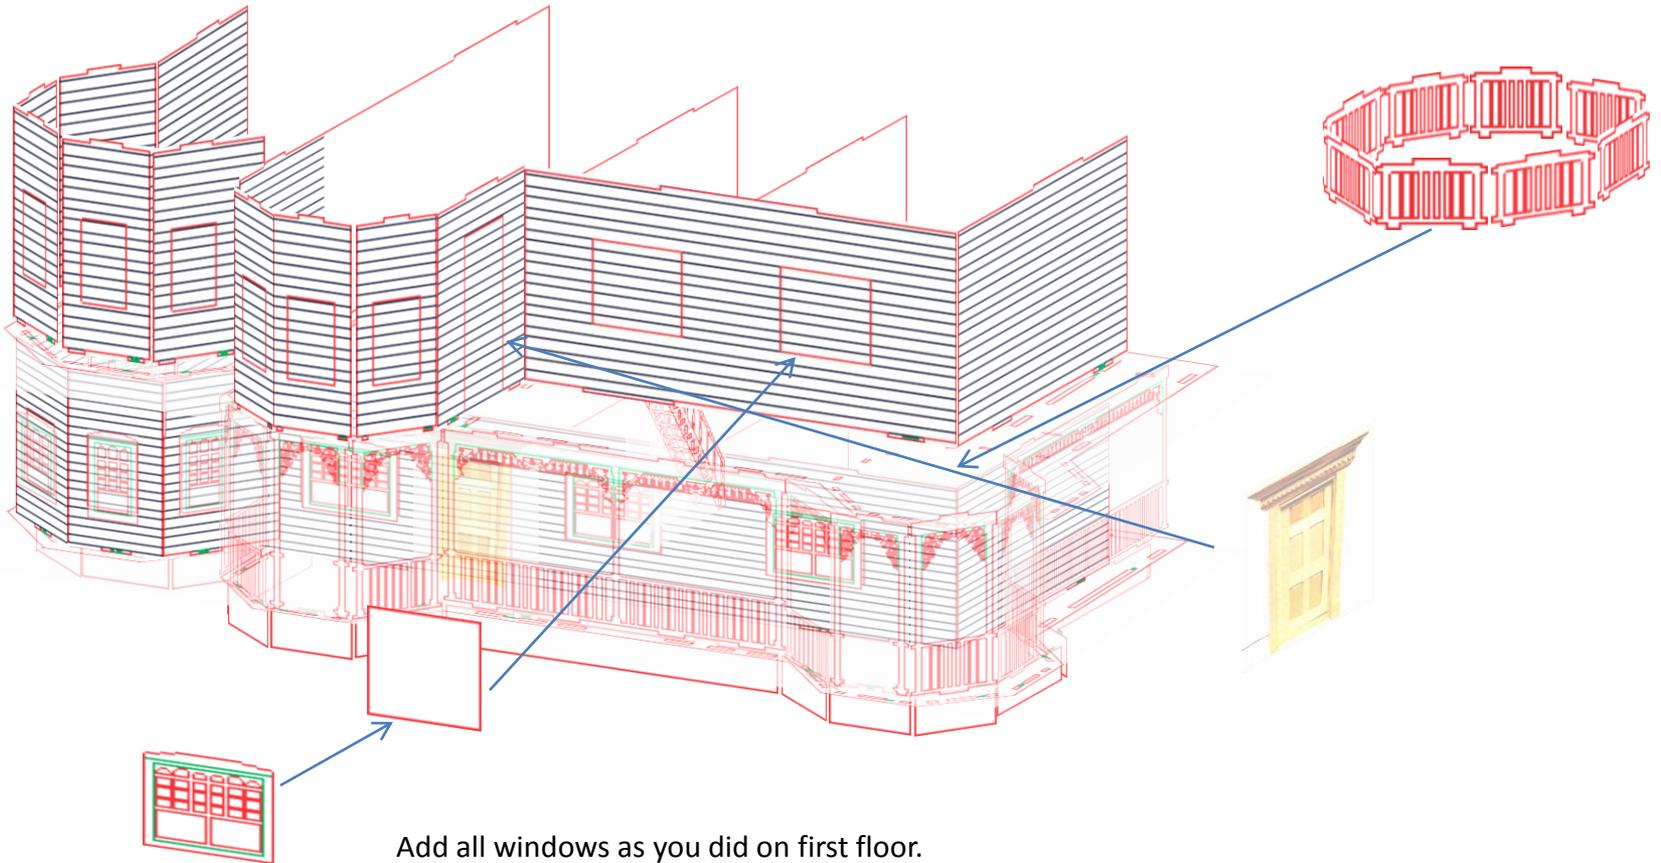

Now let's continue with the Porch rails.

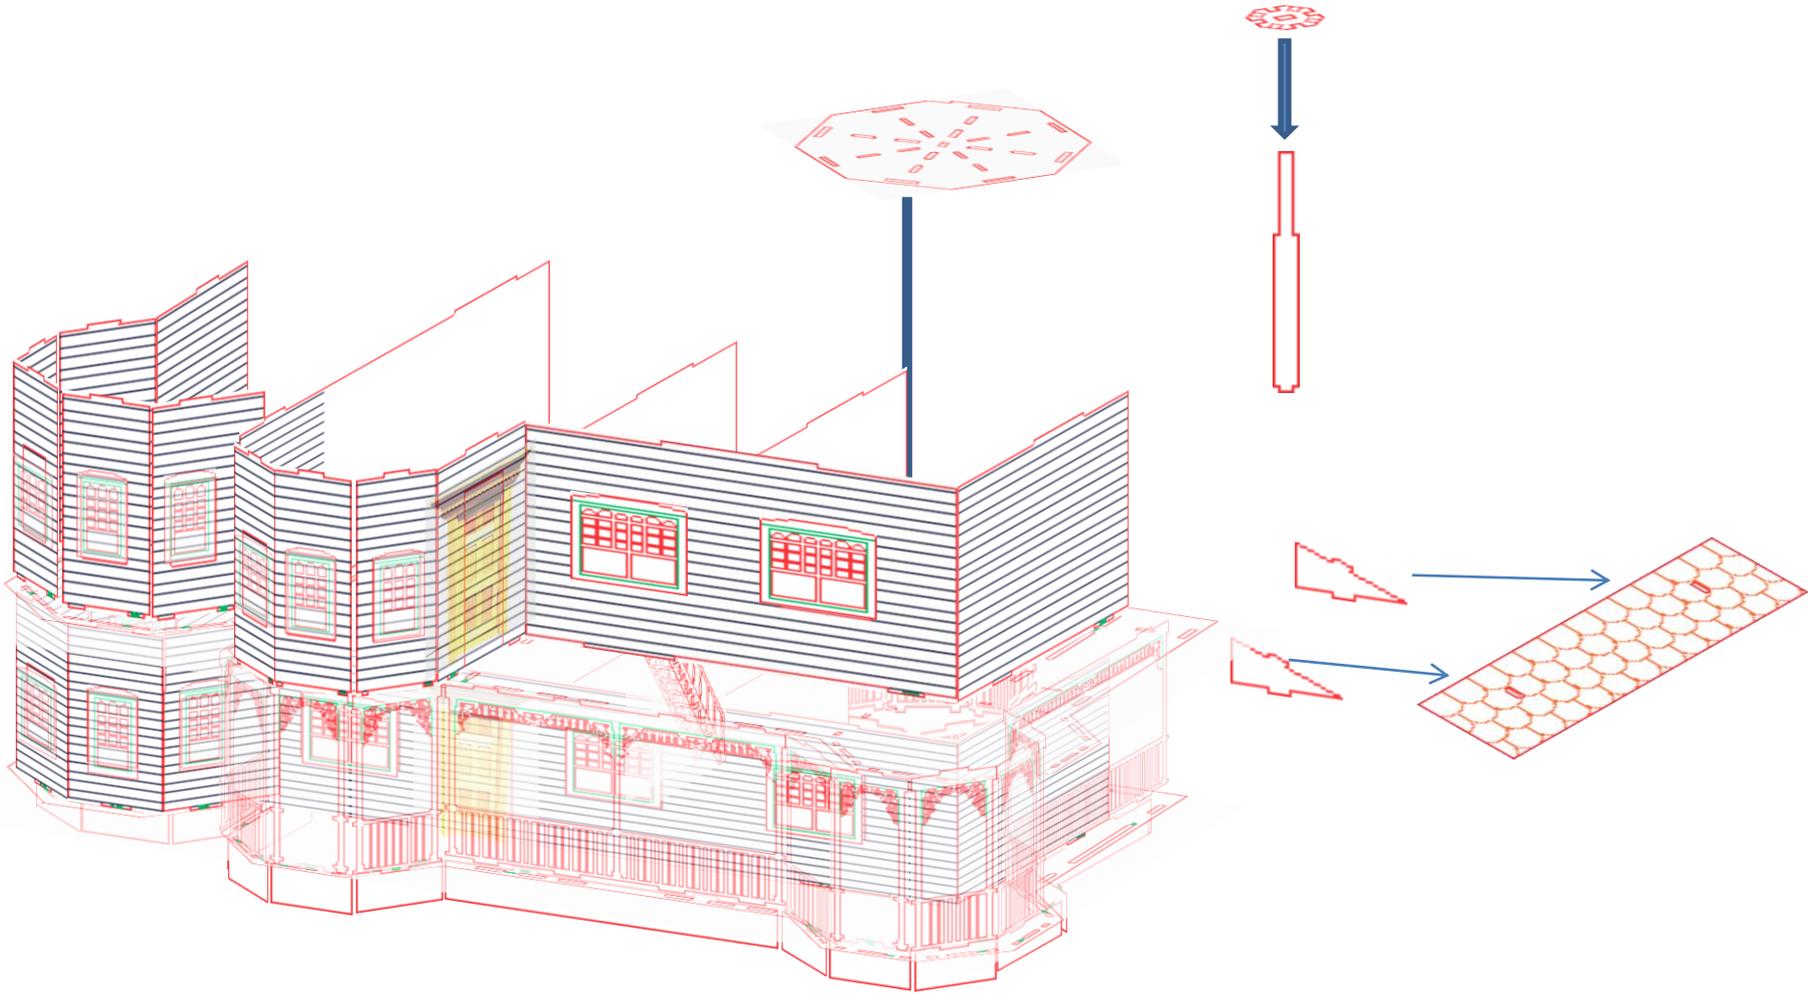

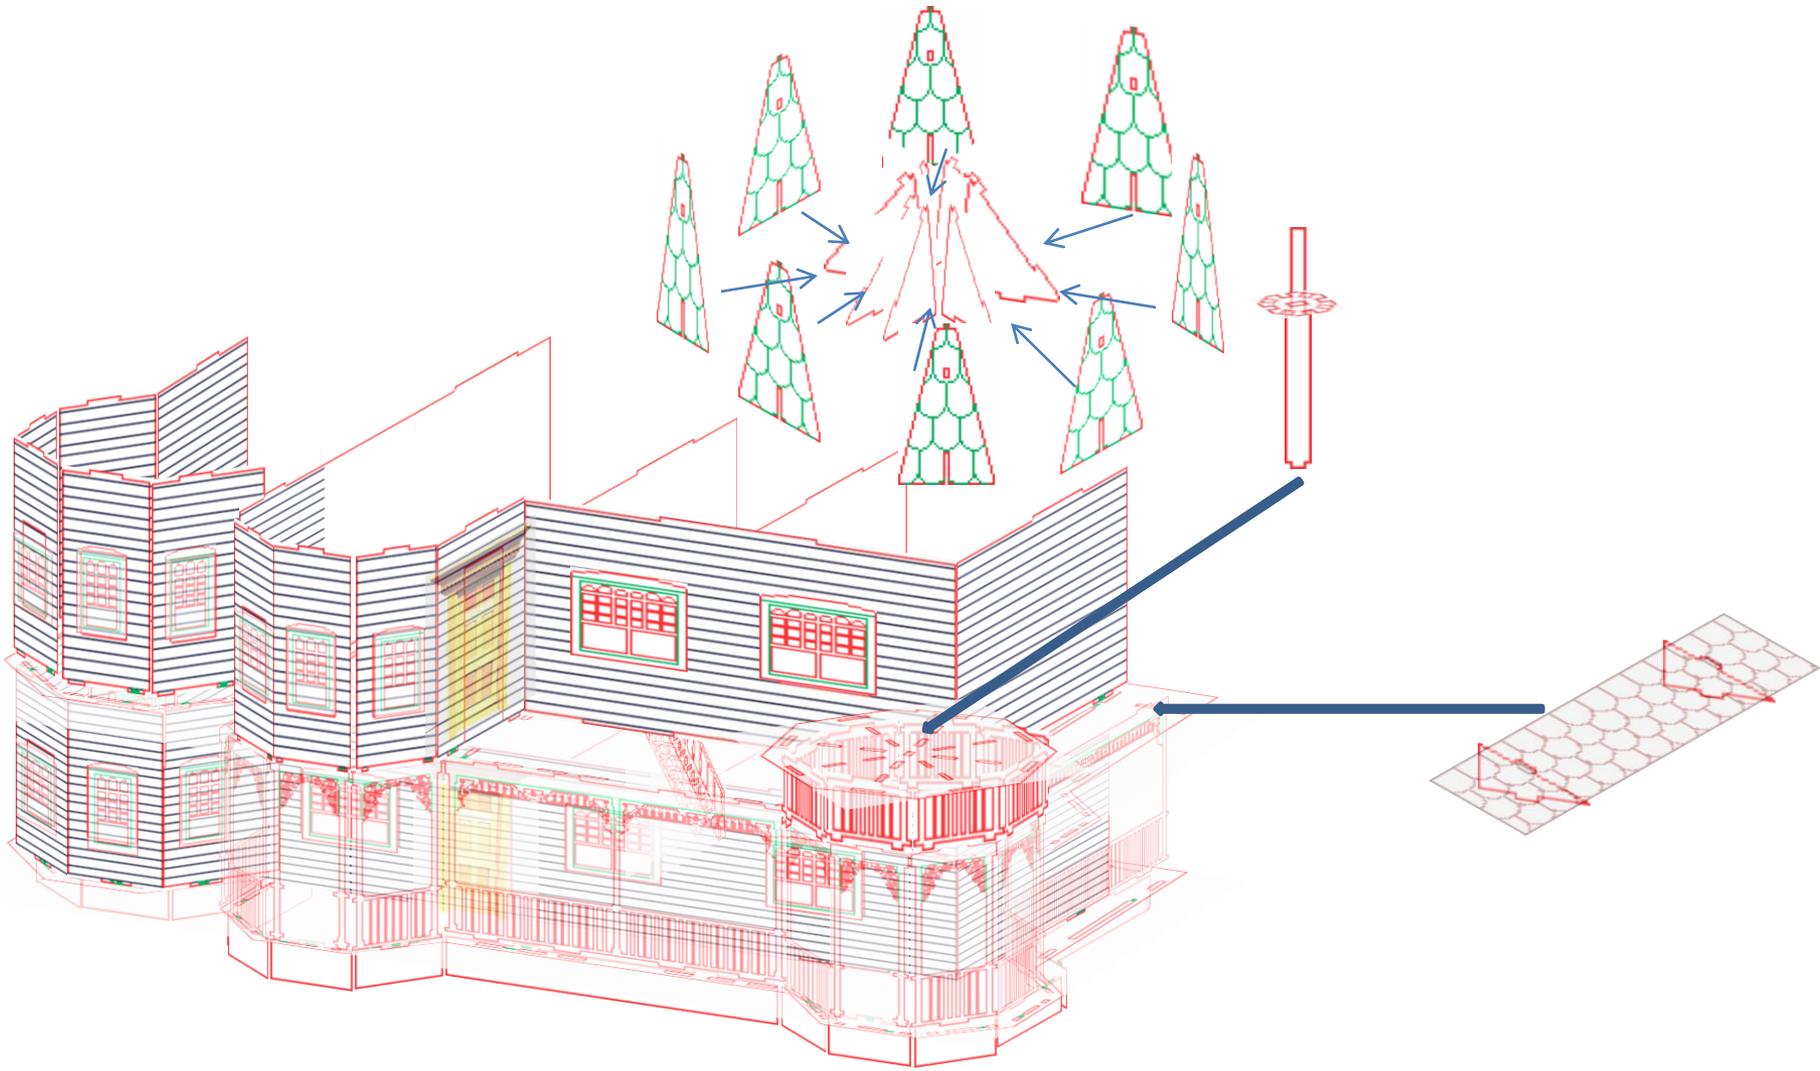

Doing good, lets start the next floor.

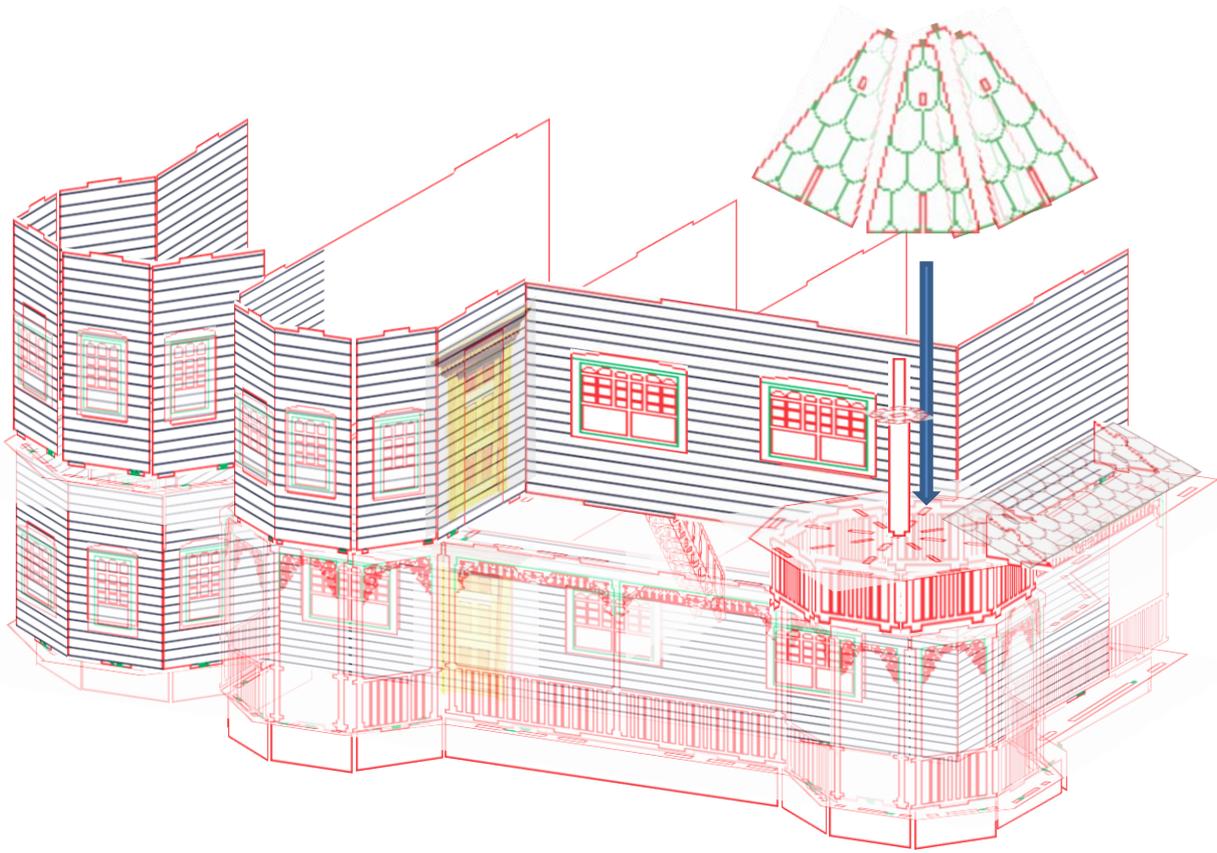

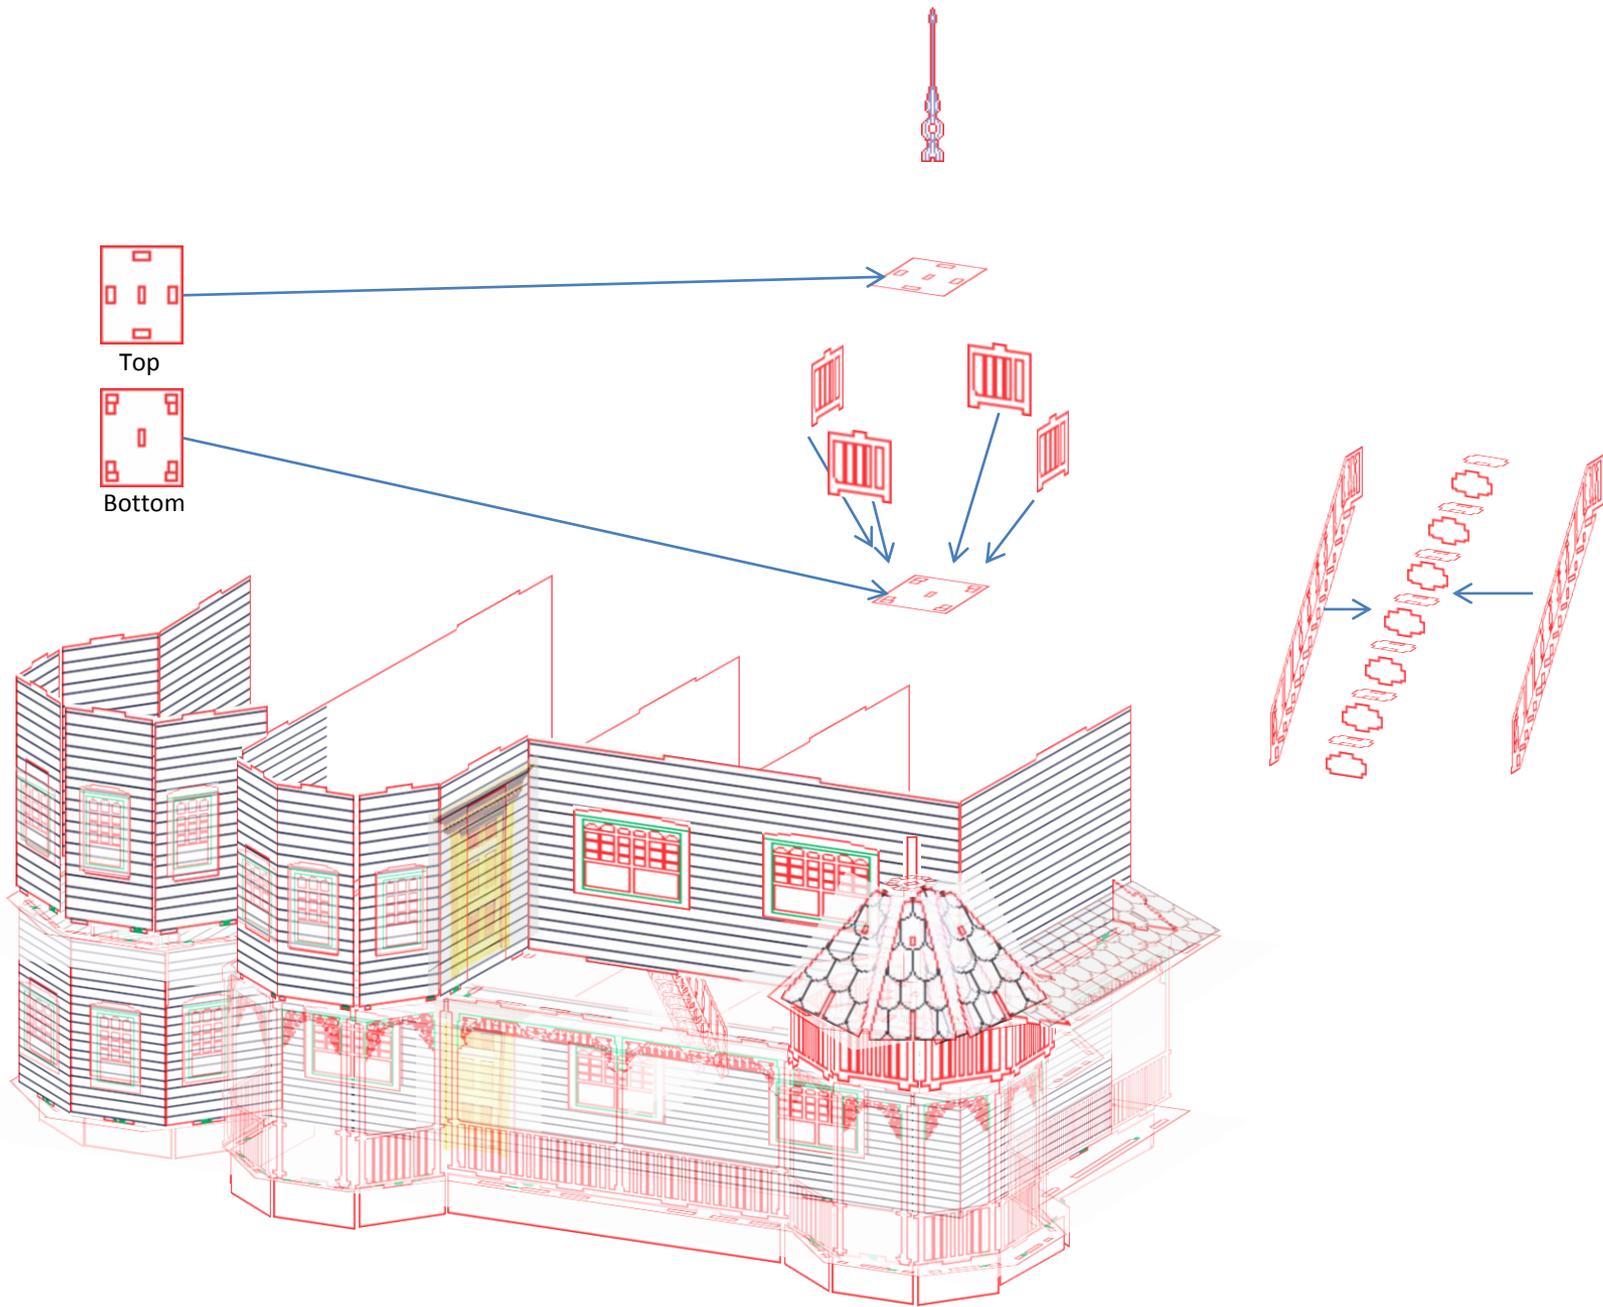

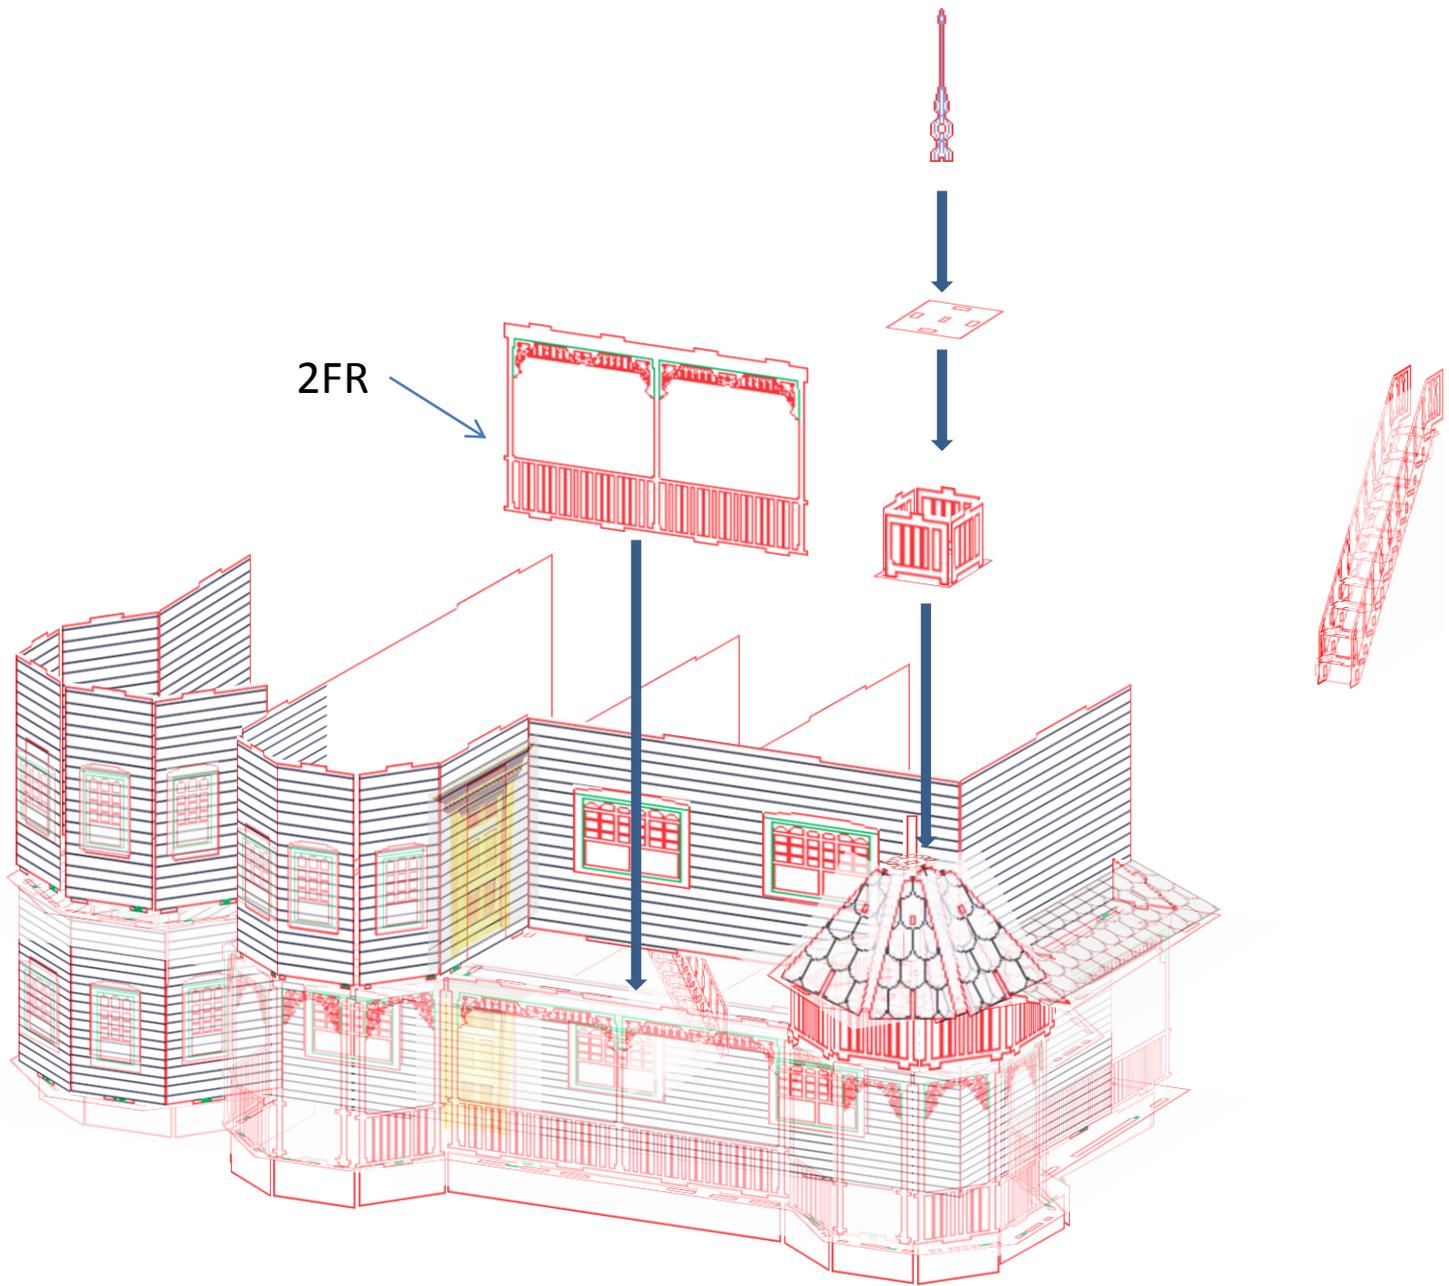

Add all windows as you did on first floor.

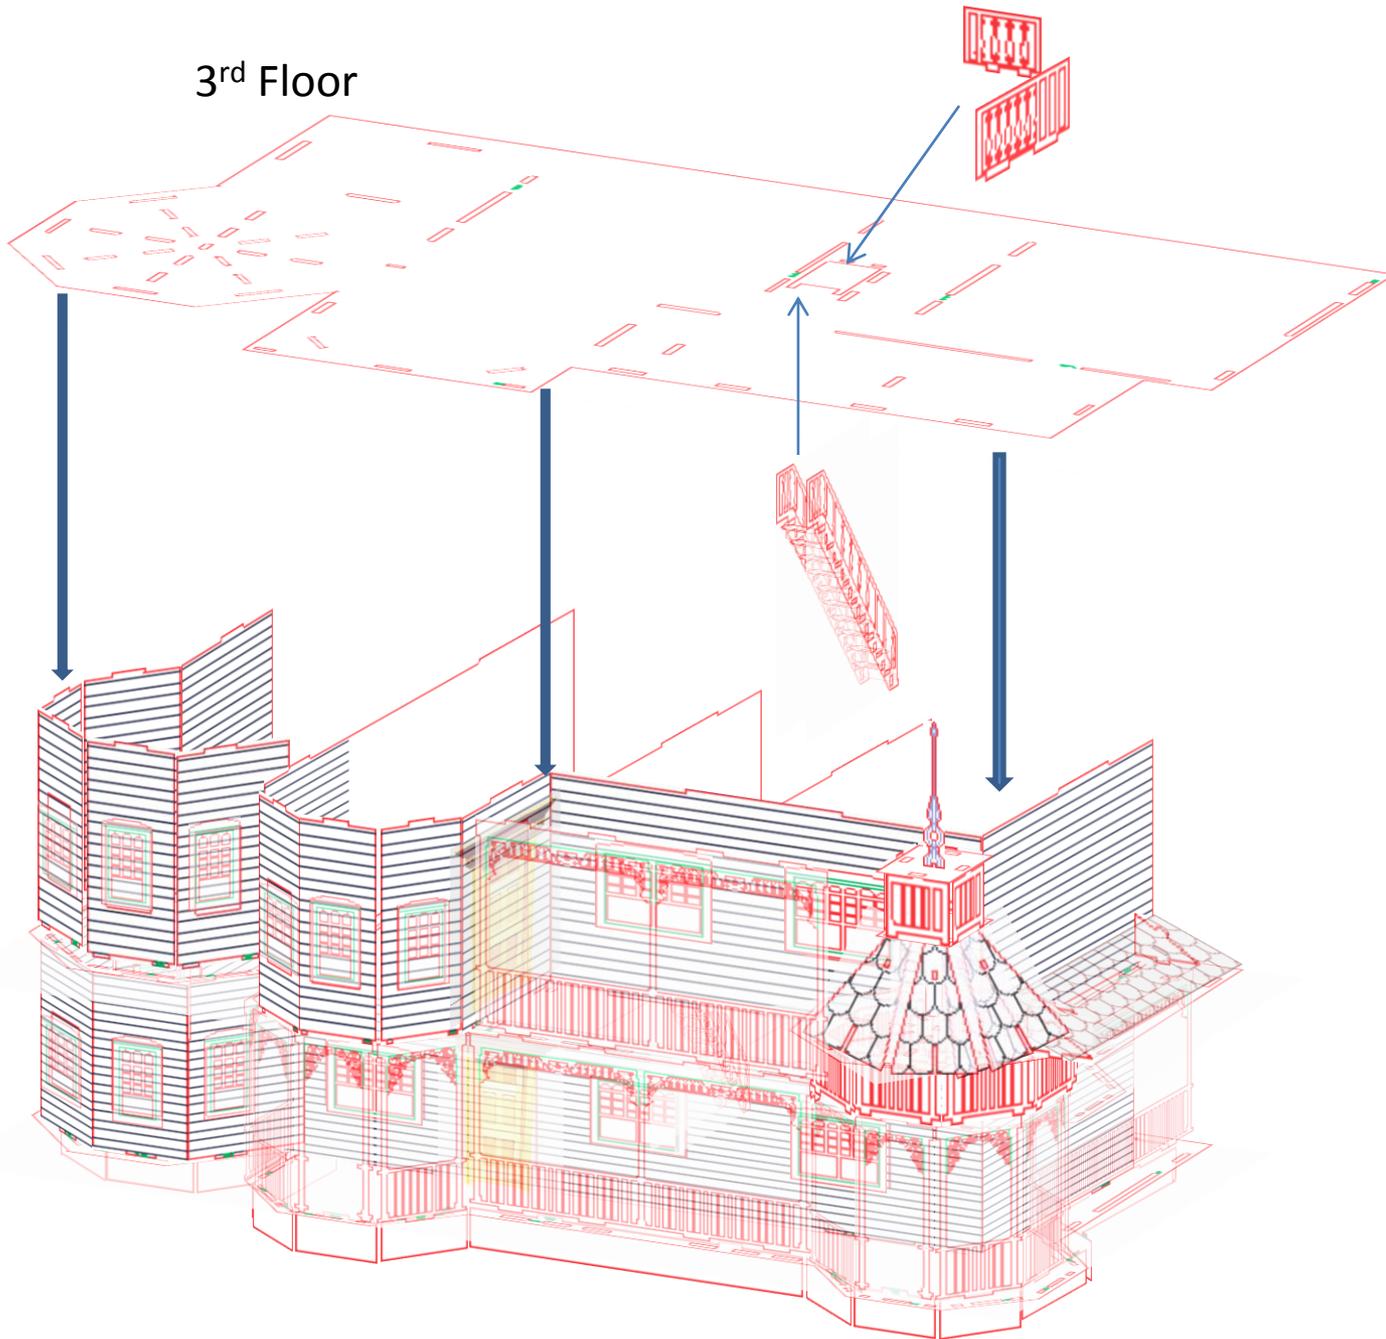

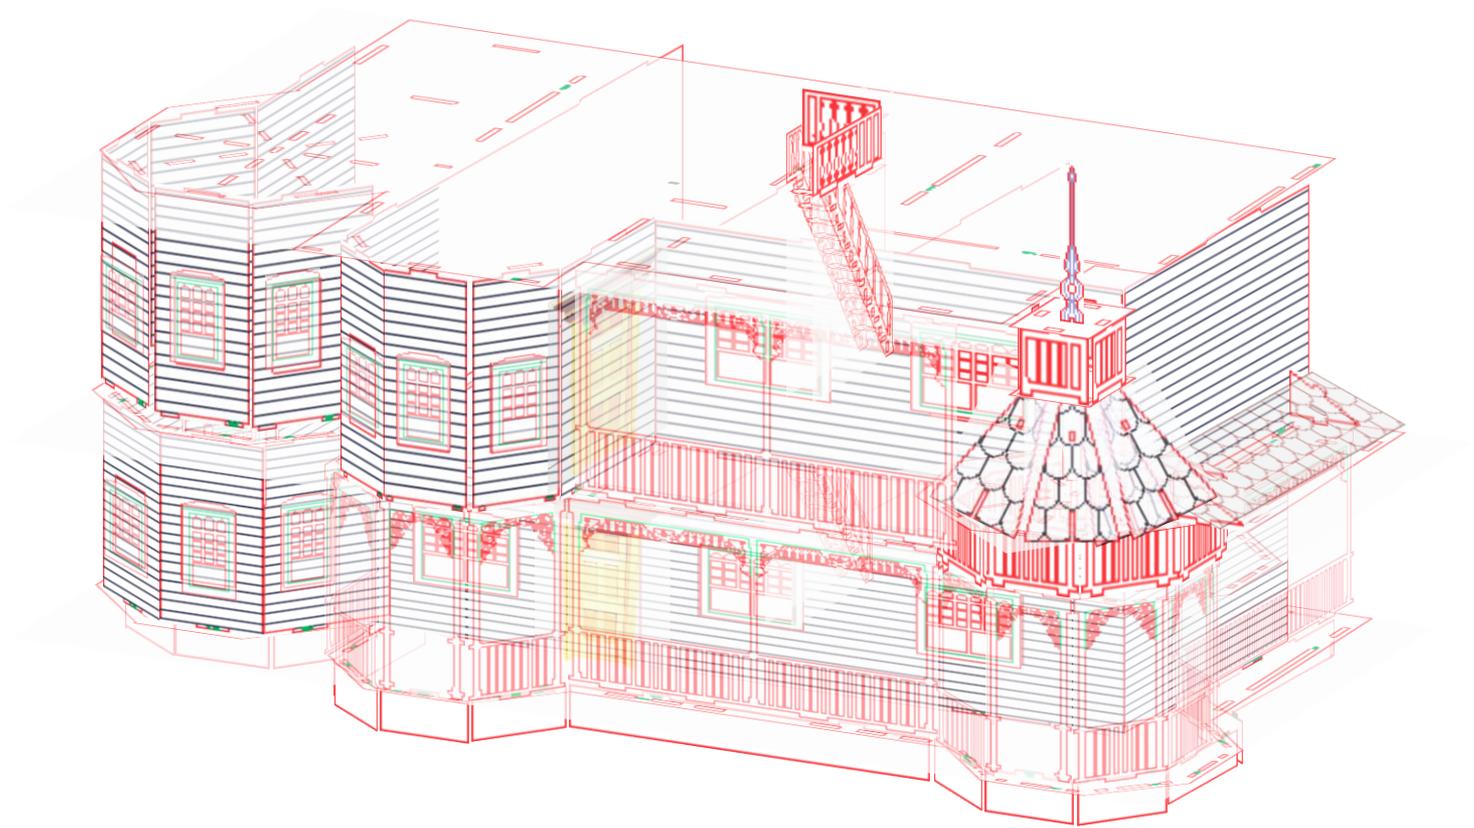

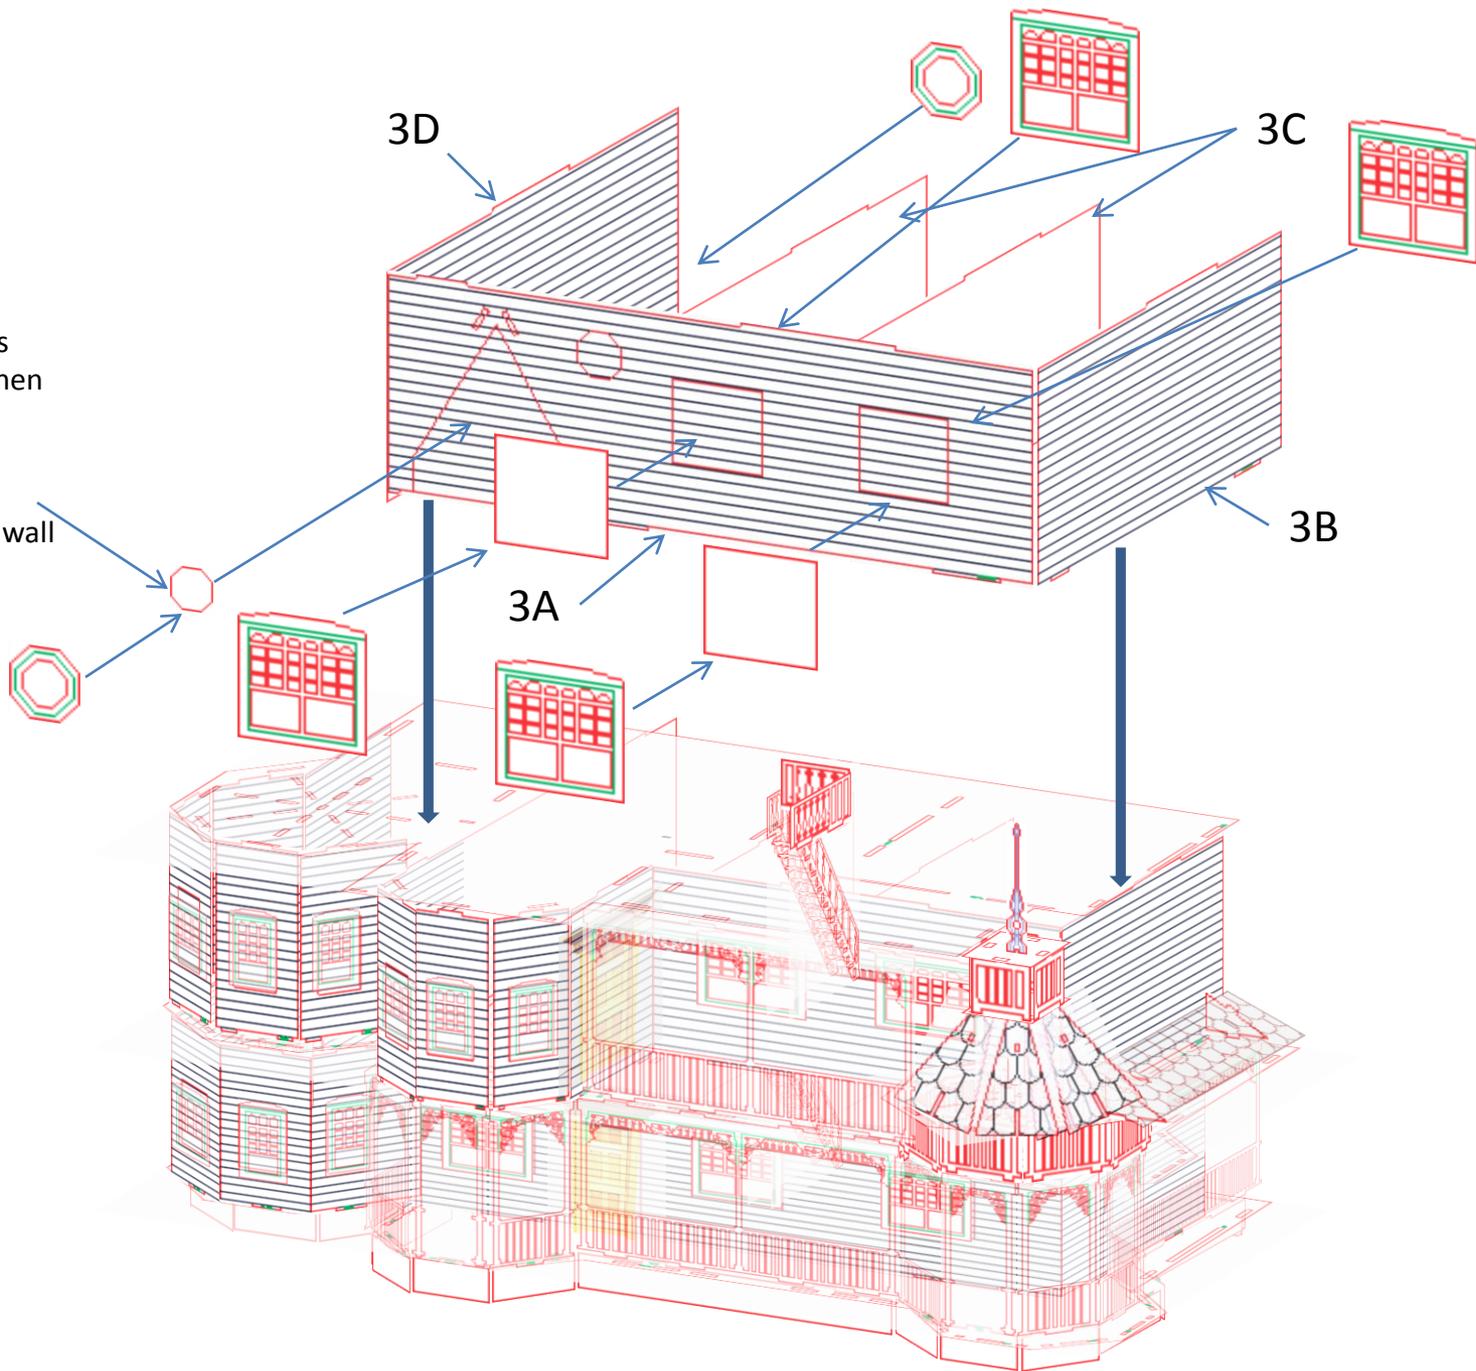

3rd Floor

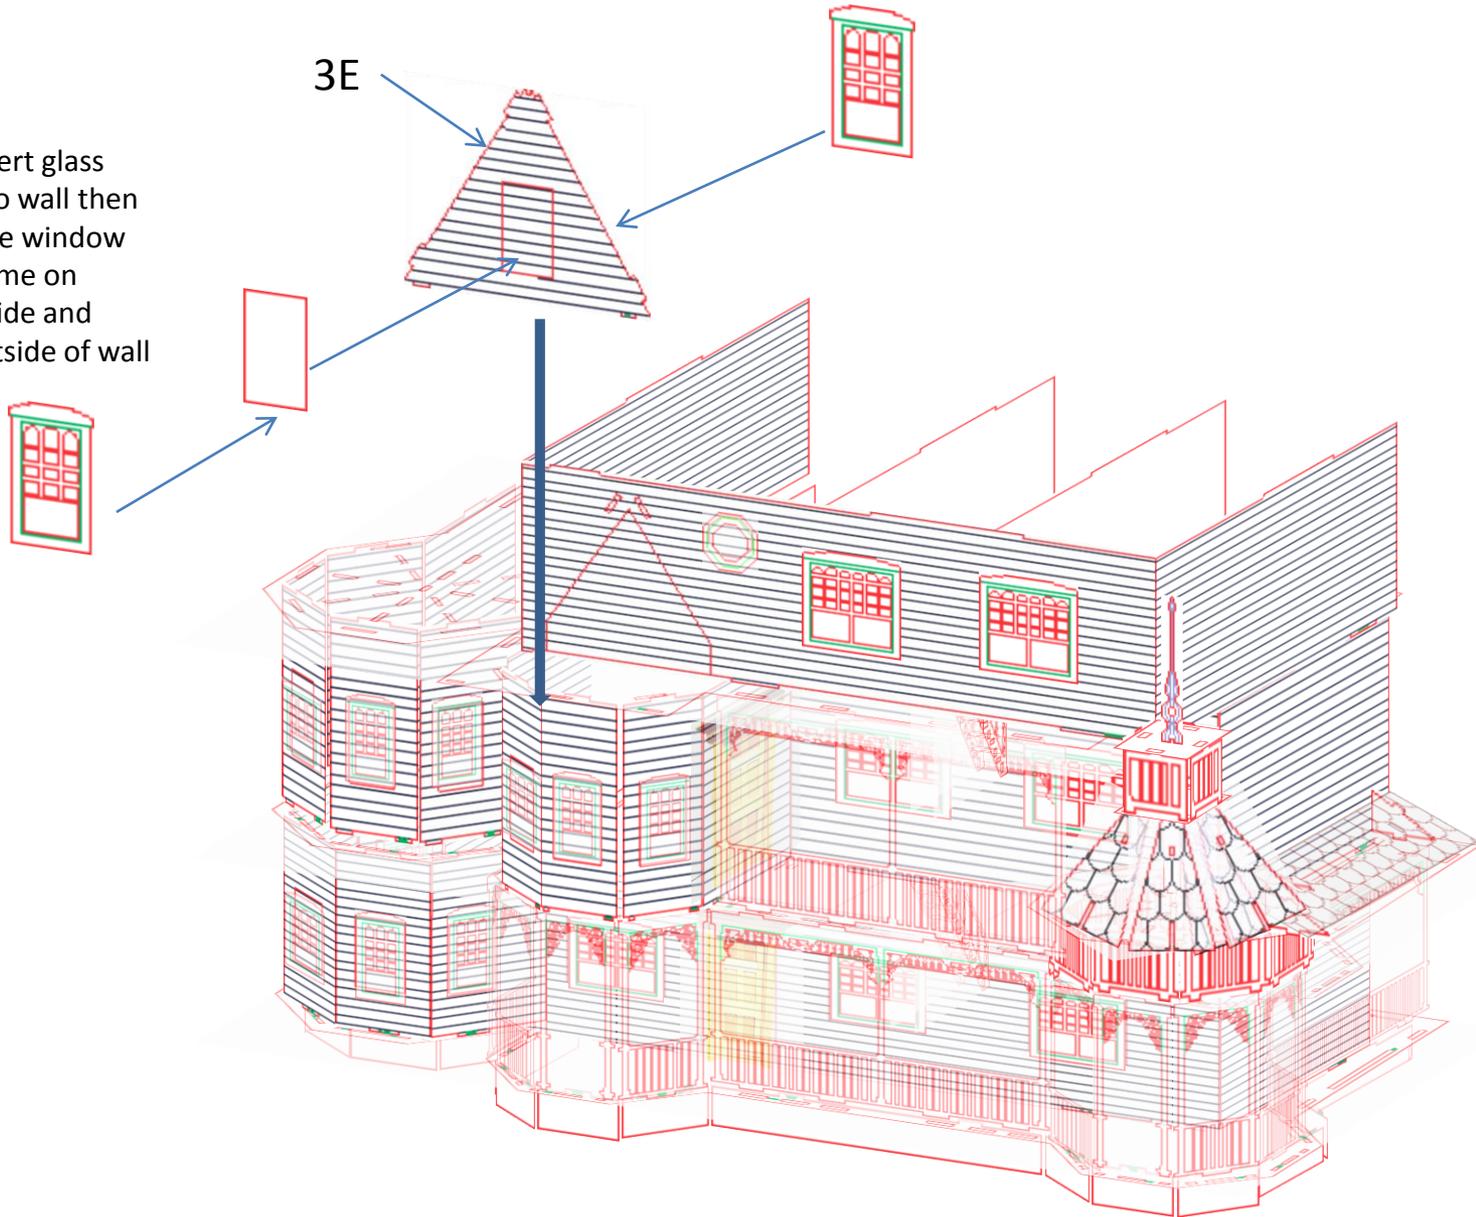

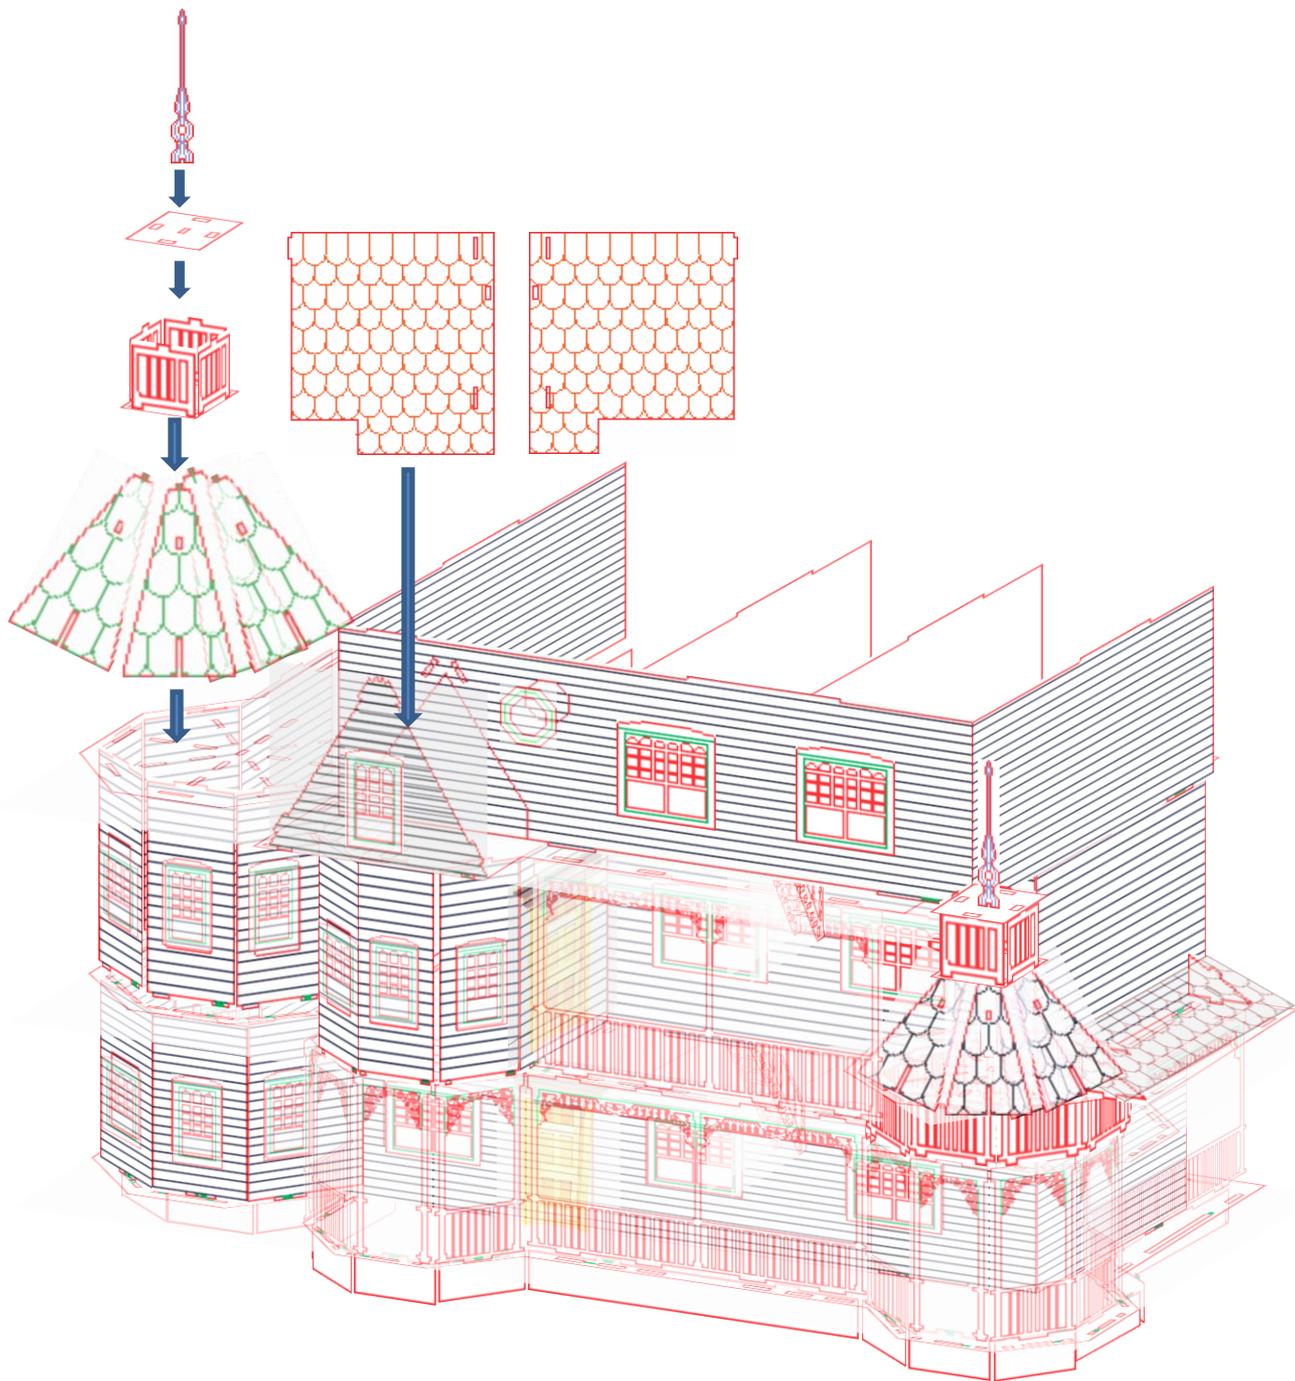

Second Floor Complete, Now its starting to look like a house!!
I mean yours, as this instruction house needs help.....

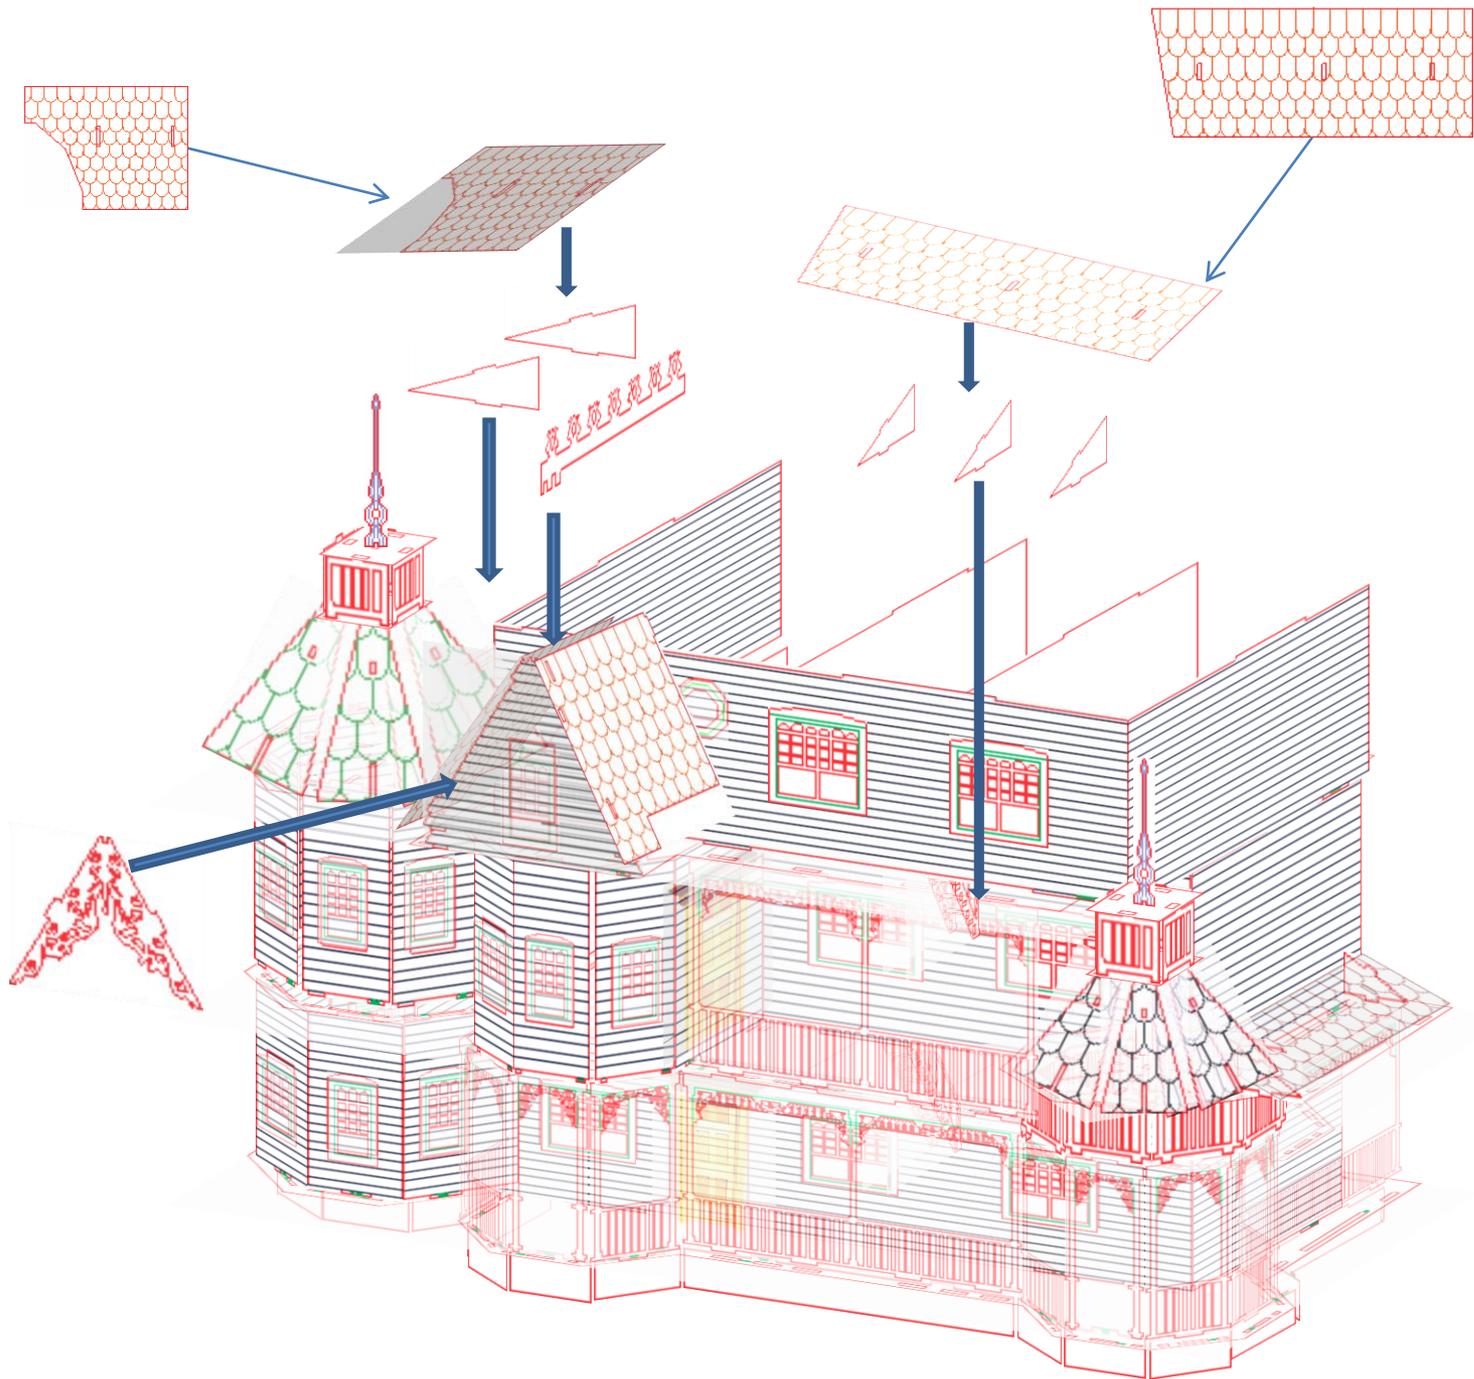

Insert glass into wall then glue small frame on inside and outside of wall

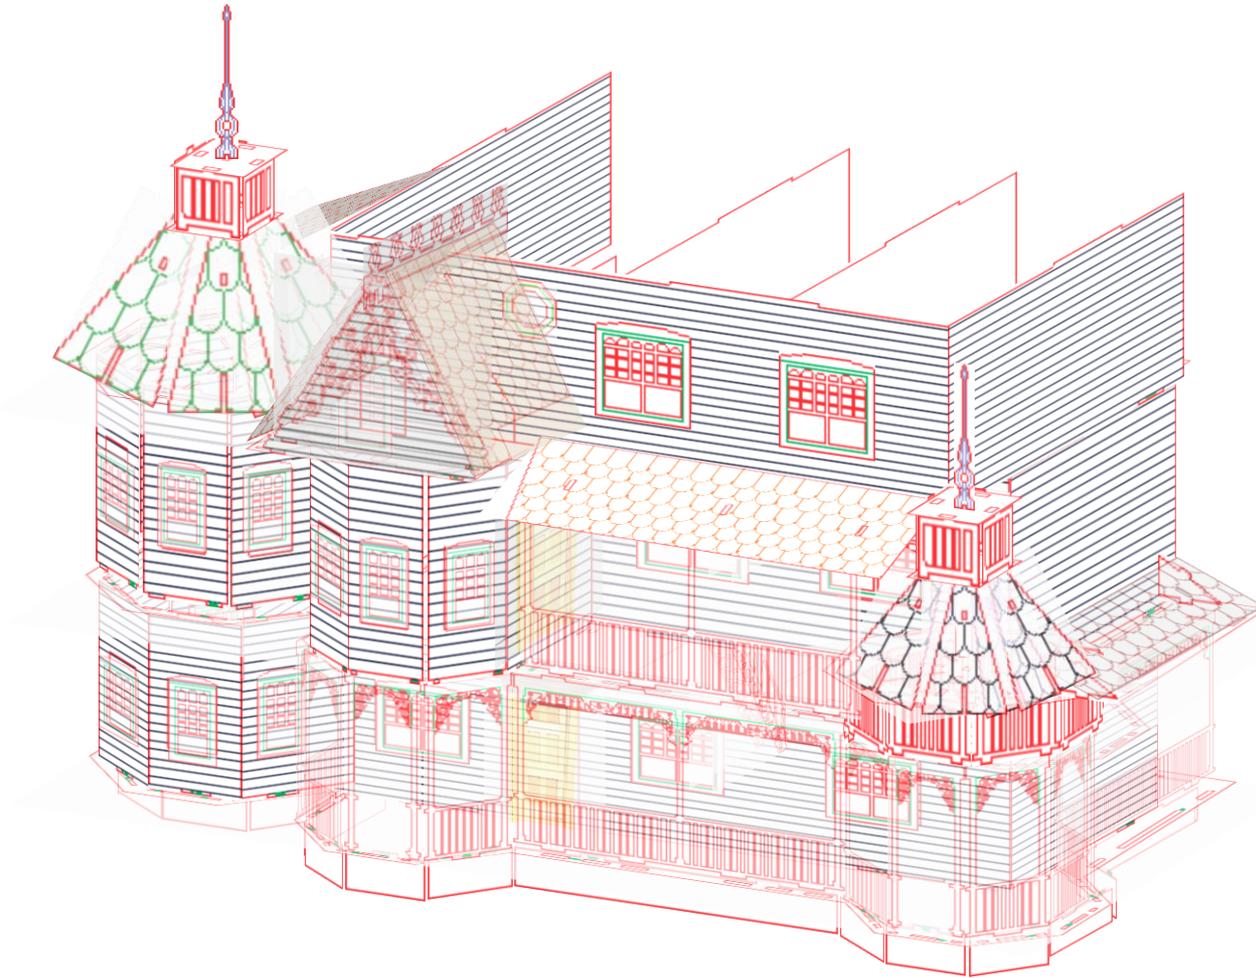

Insert glass
into wall then
glue window
frame on
inside and
outside of wall

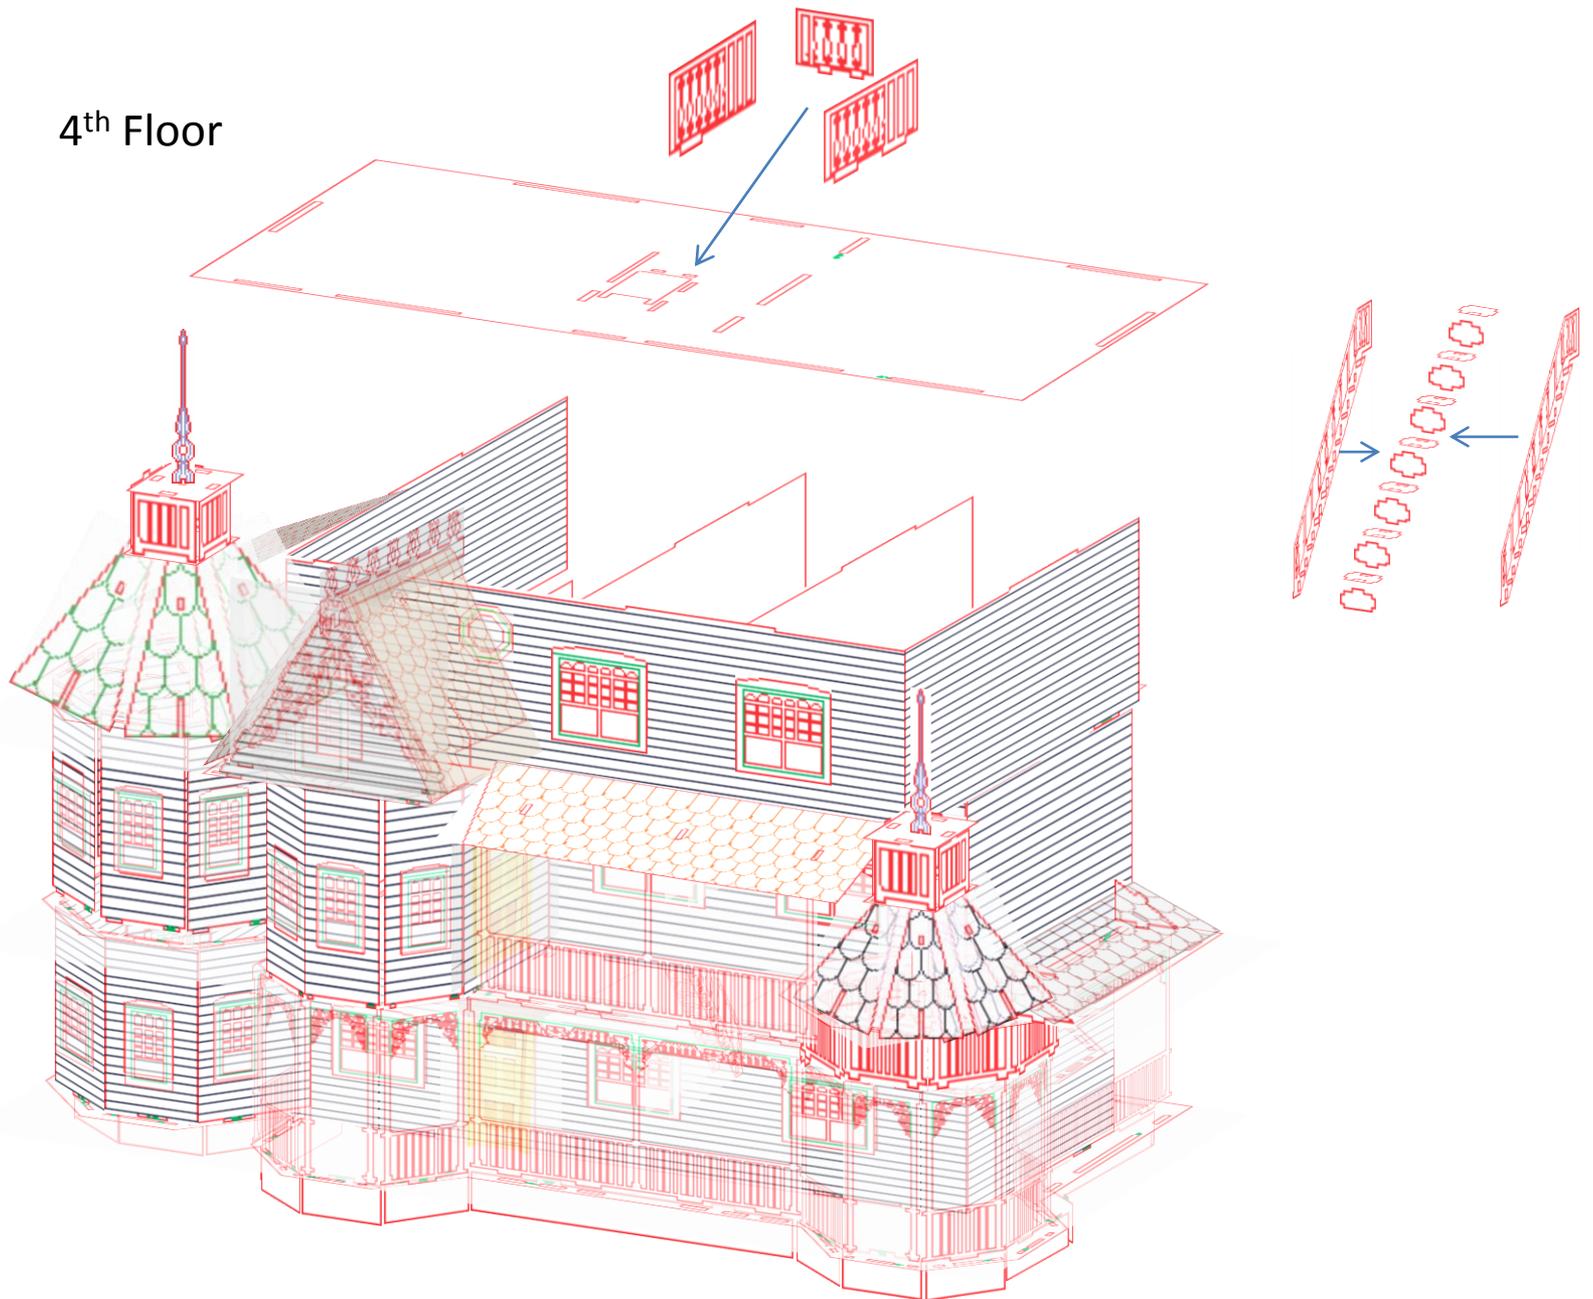

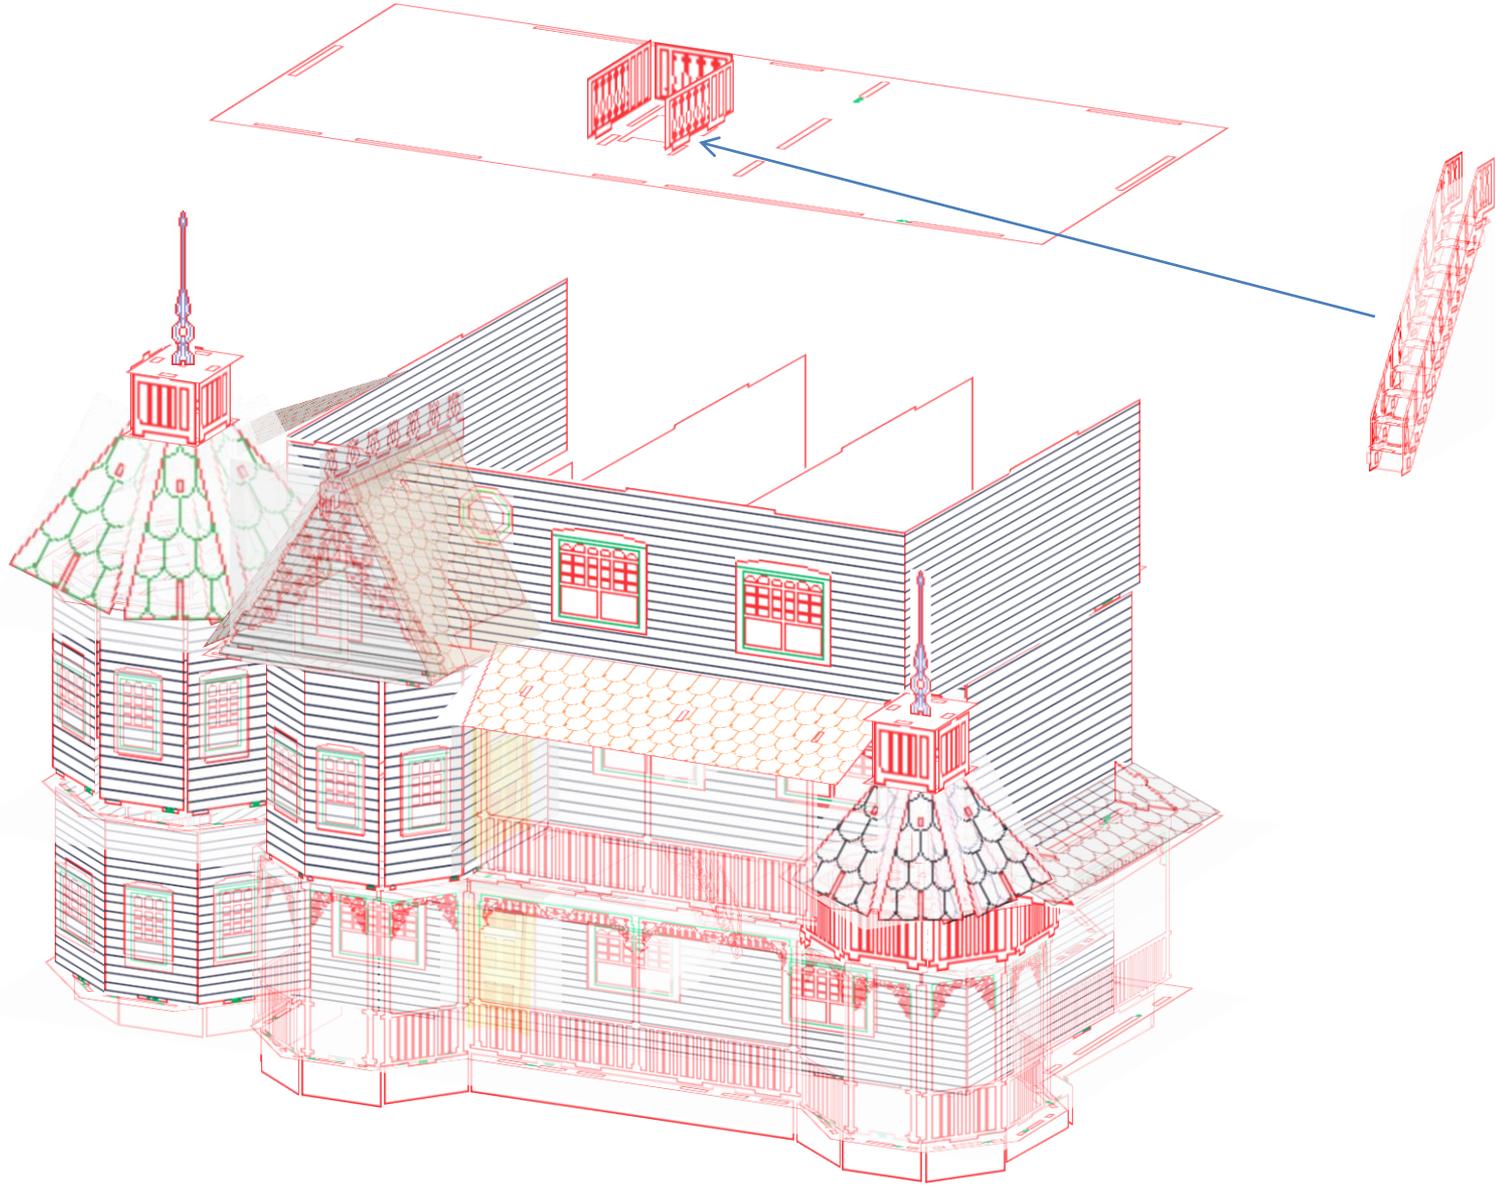

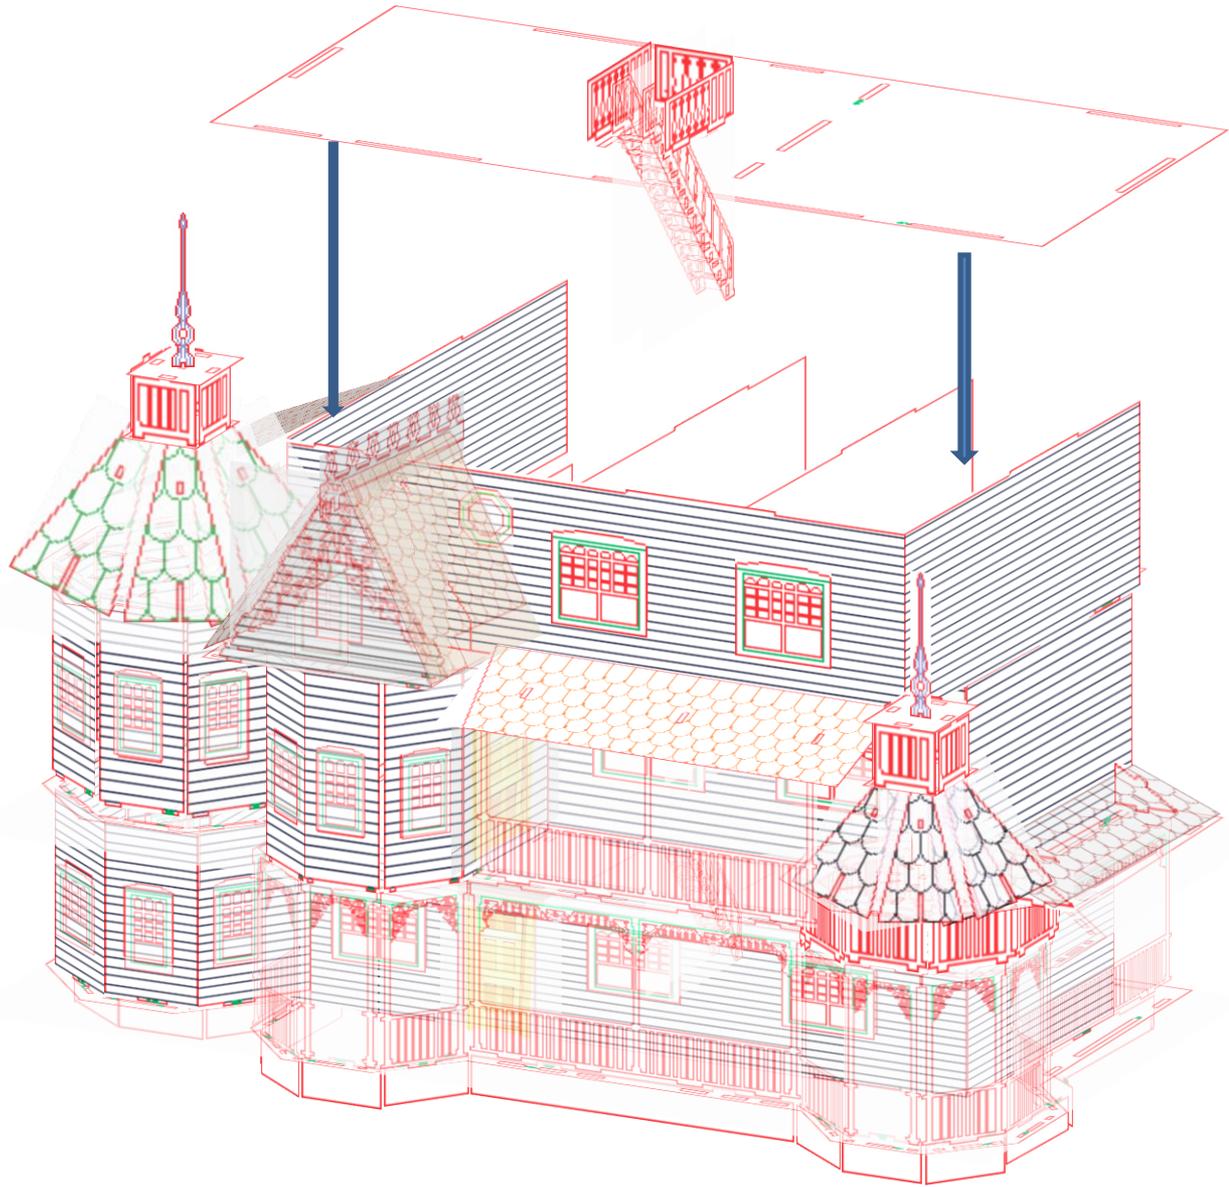

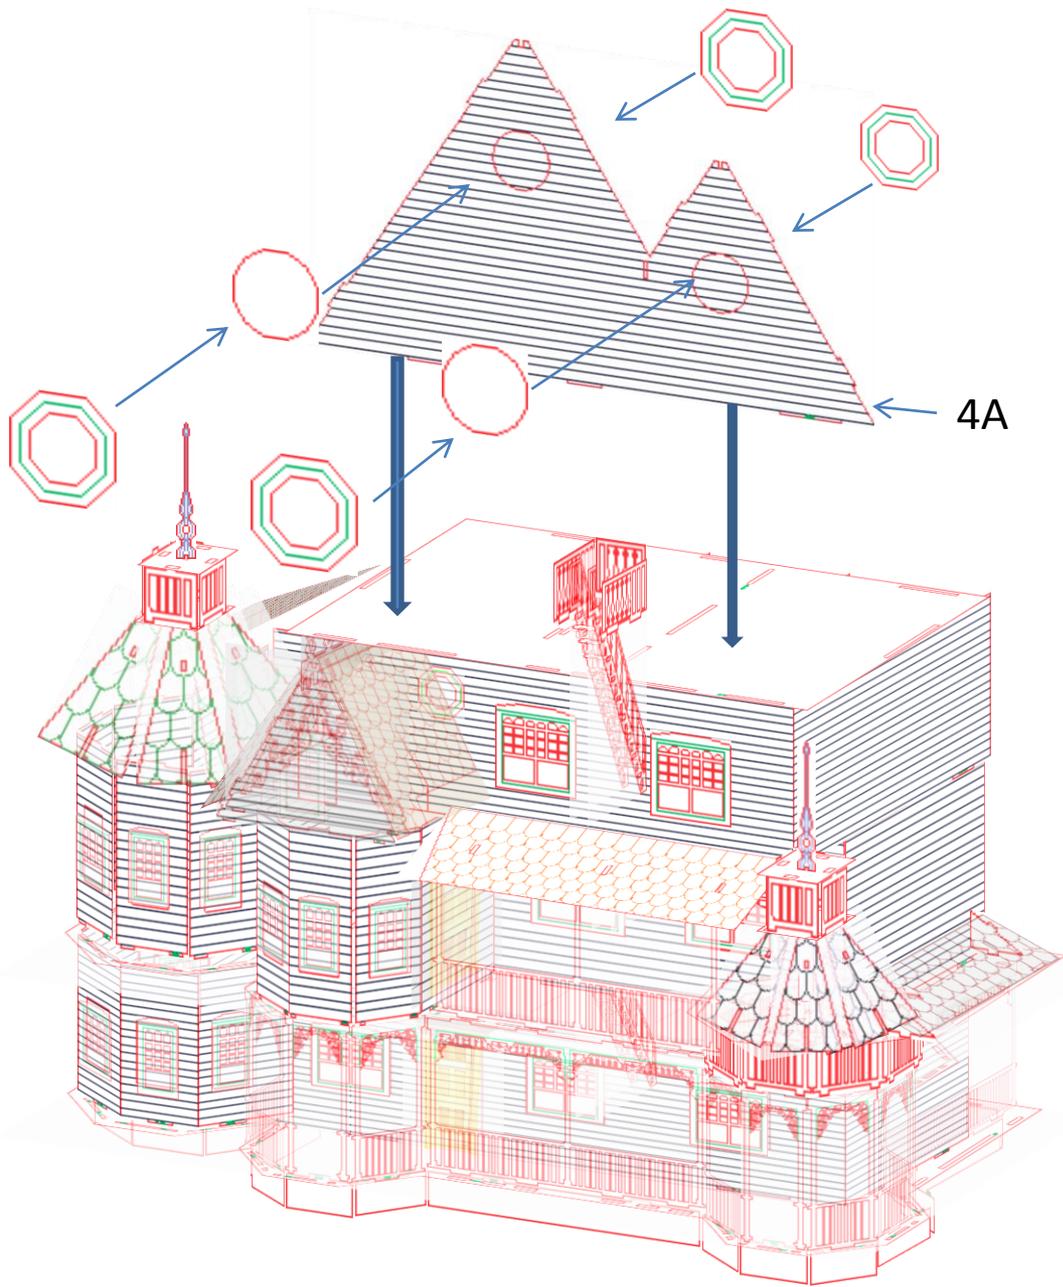

Ok... 3rd Floor DONE!! Let's take on the final one.

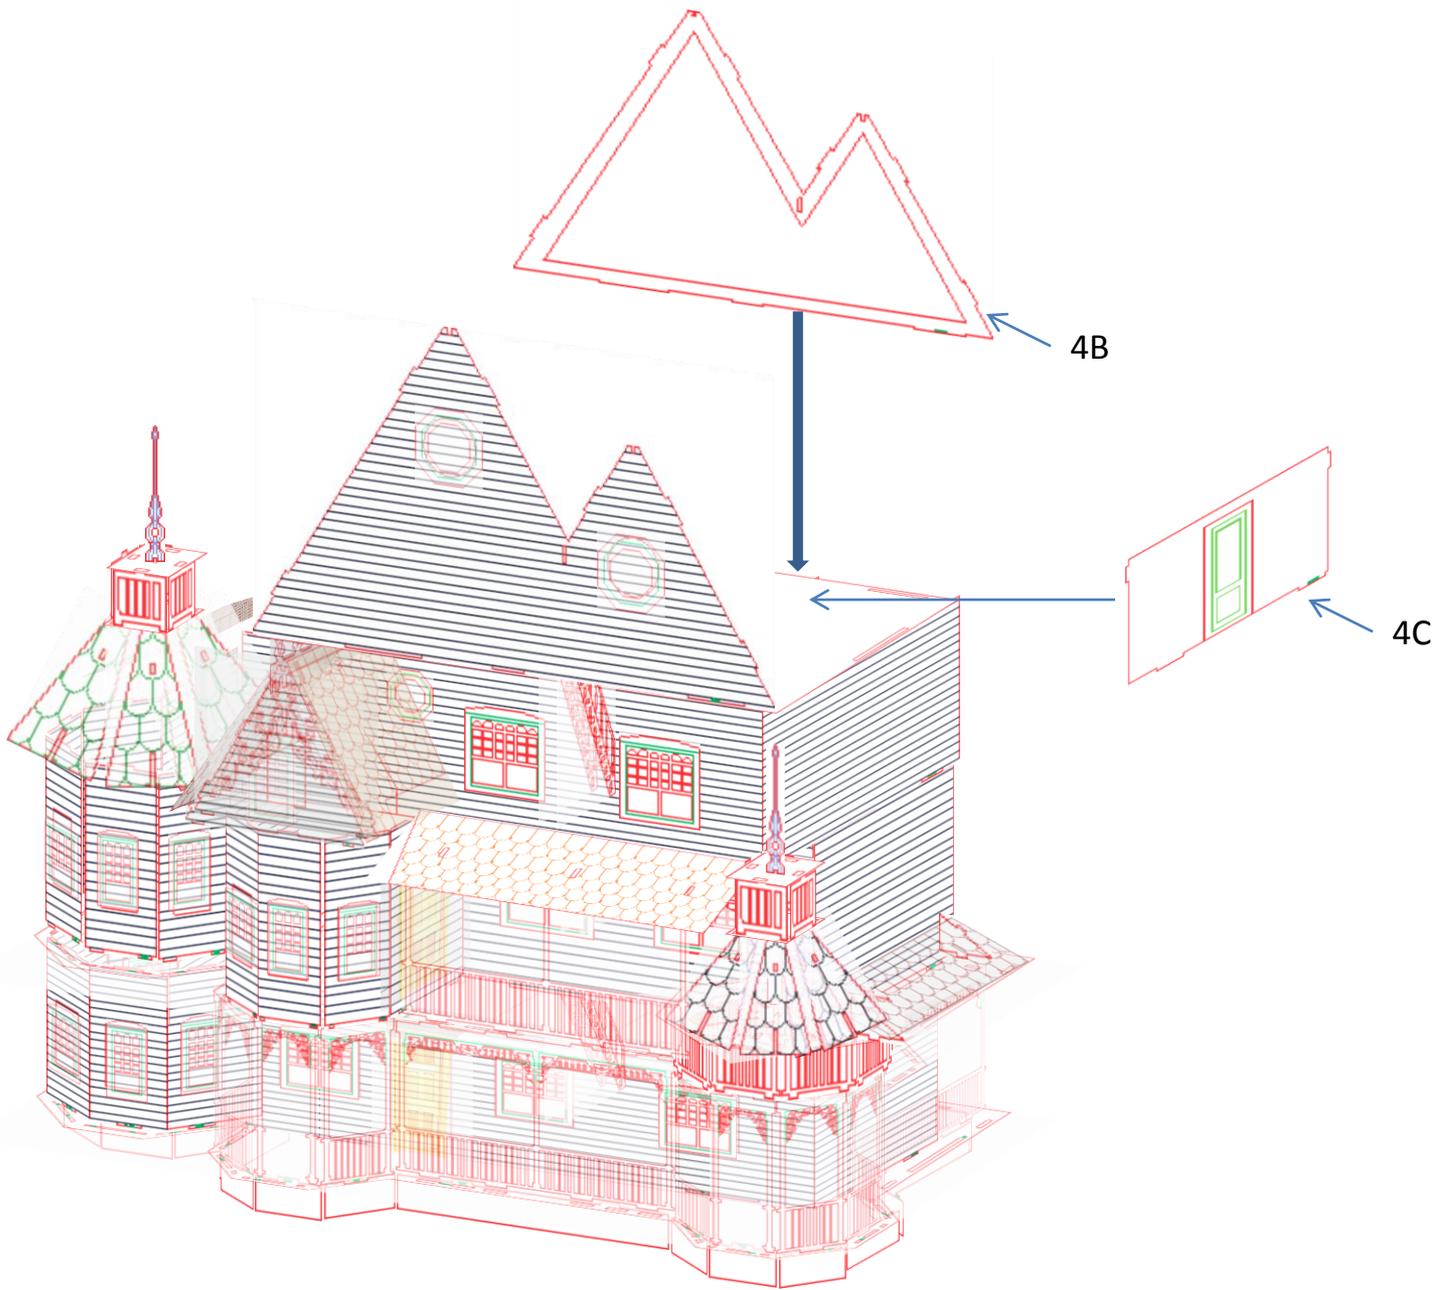

4th Floor

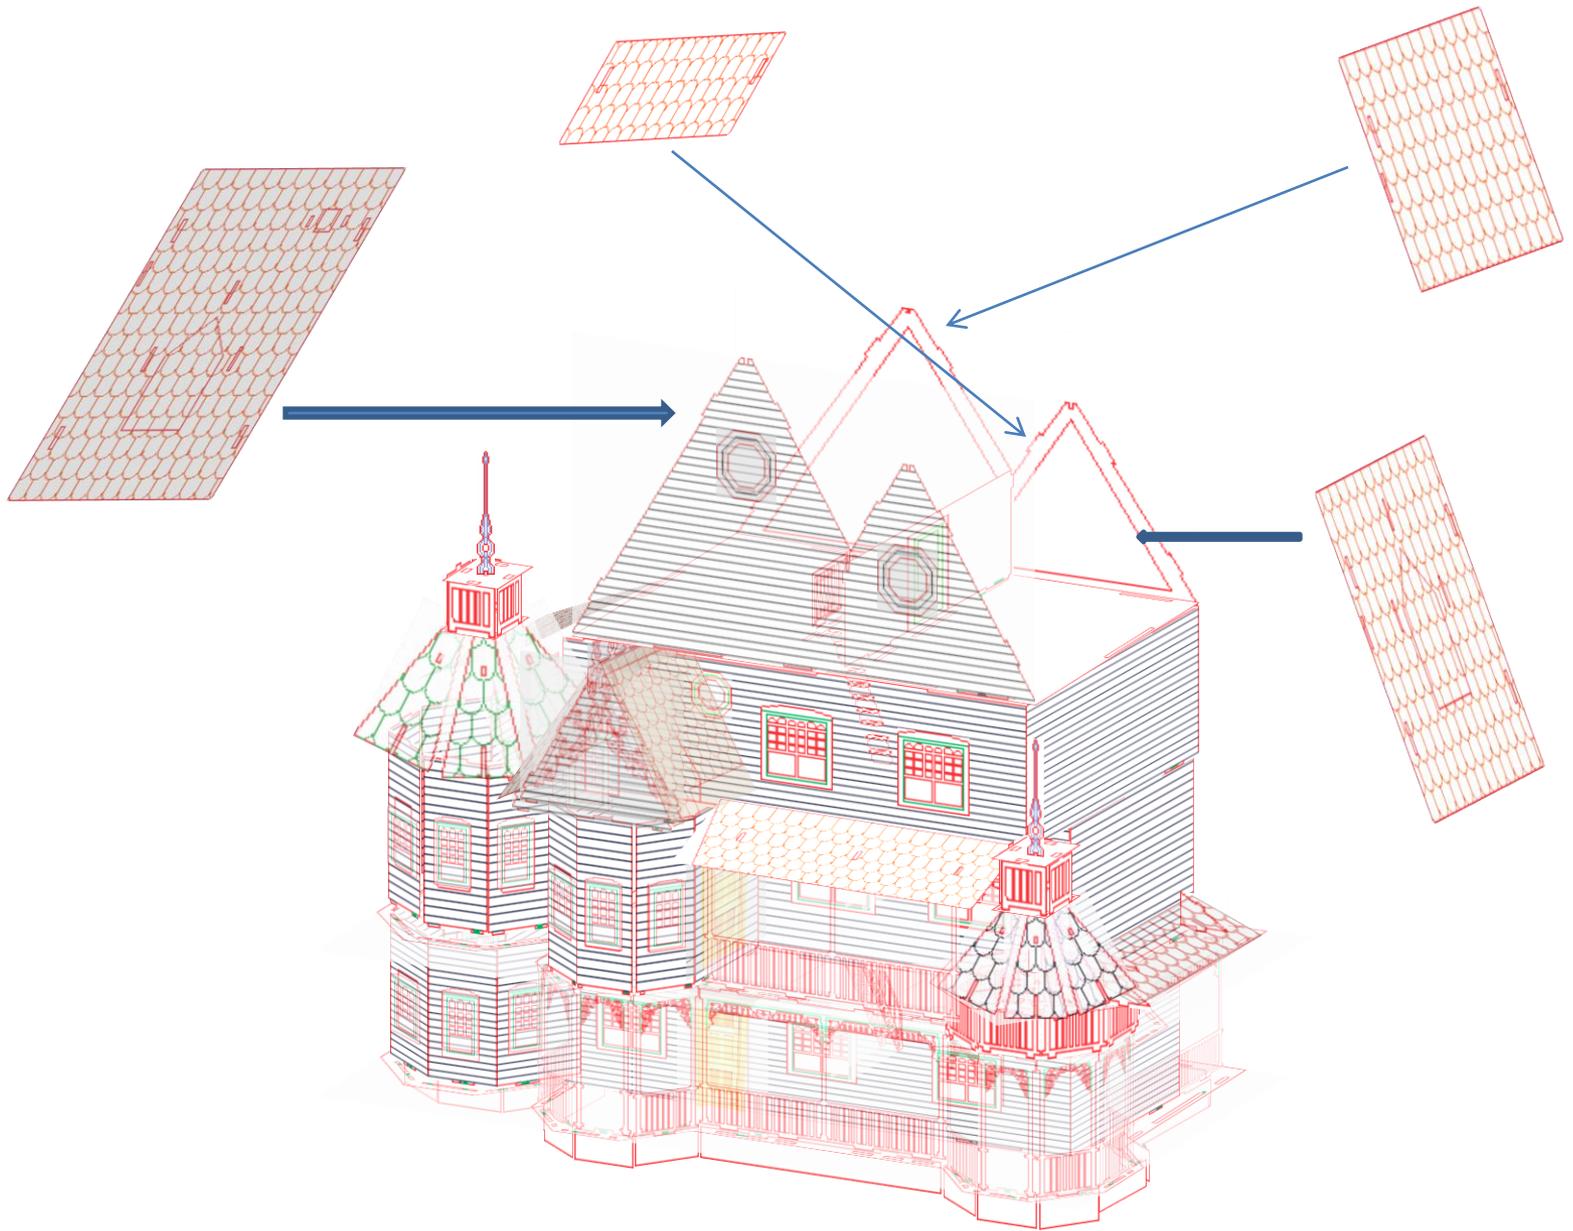

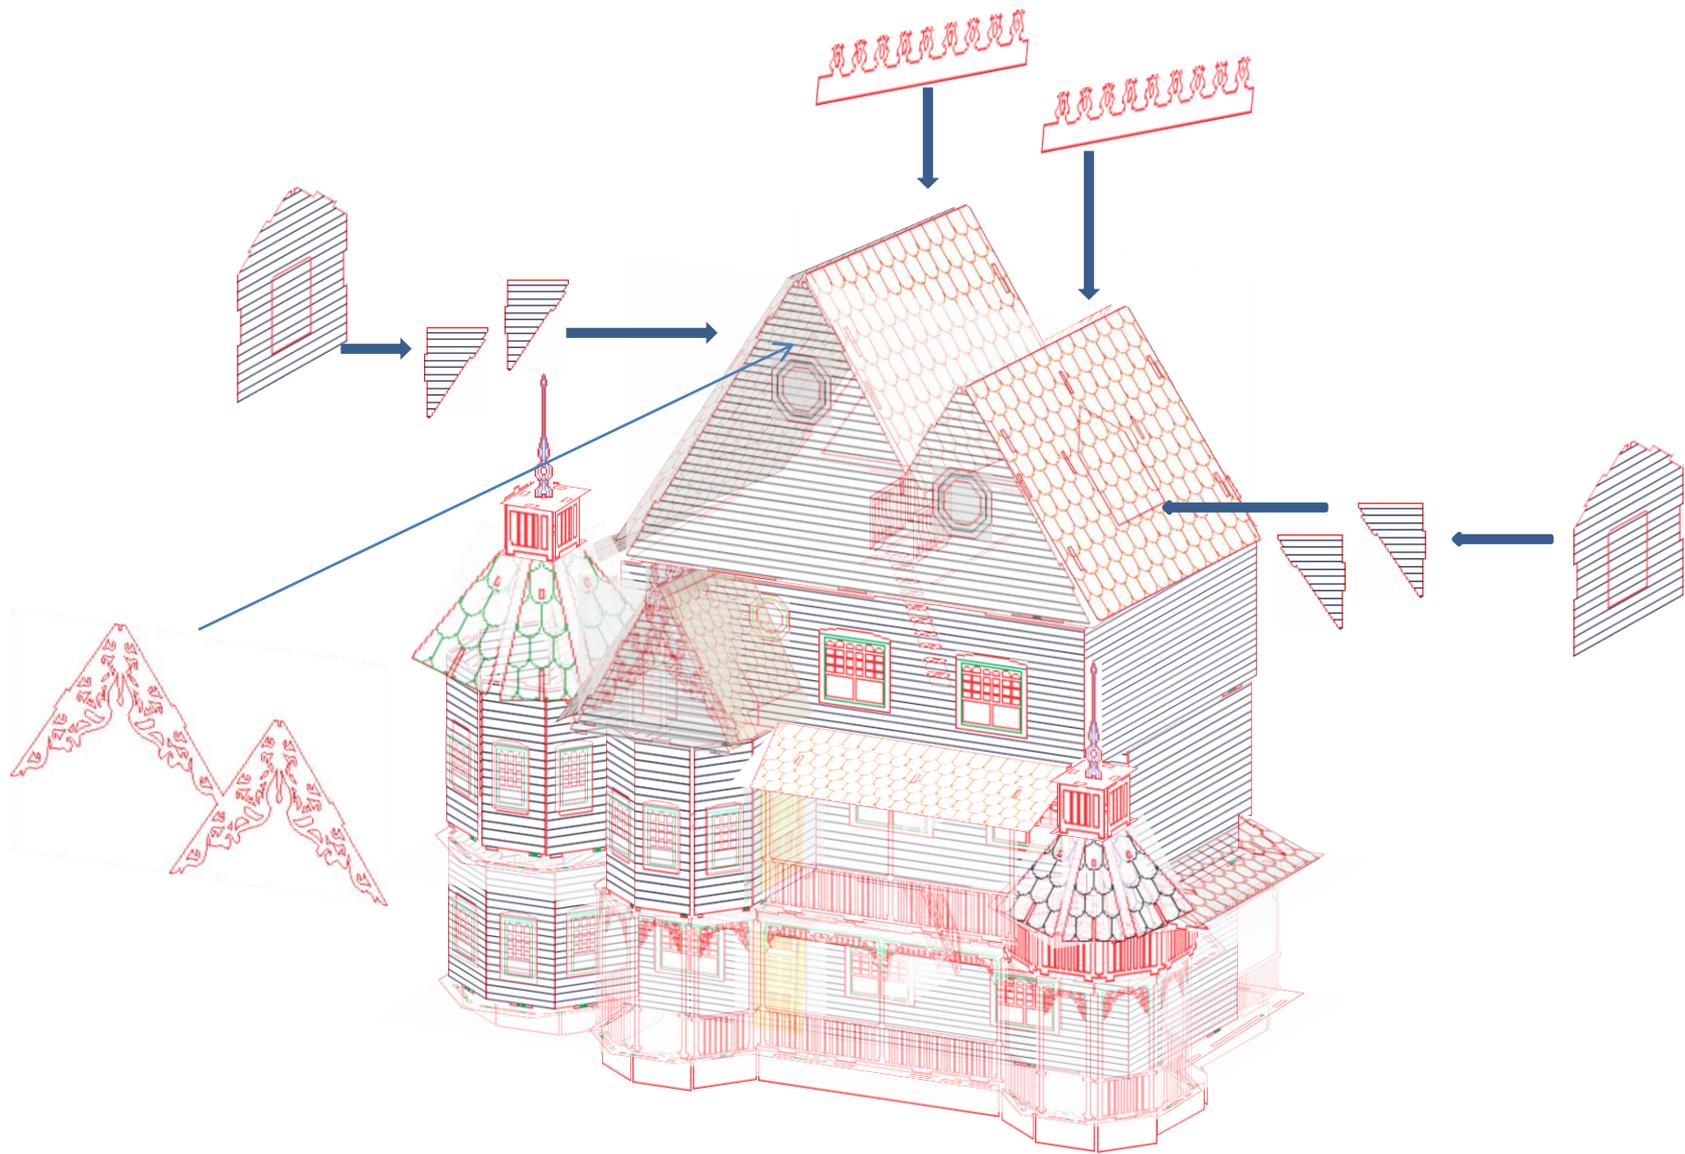

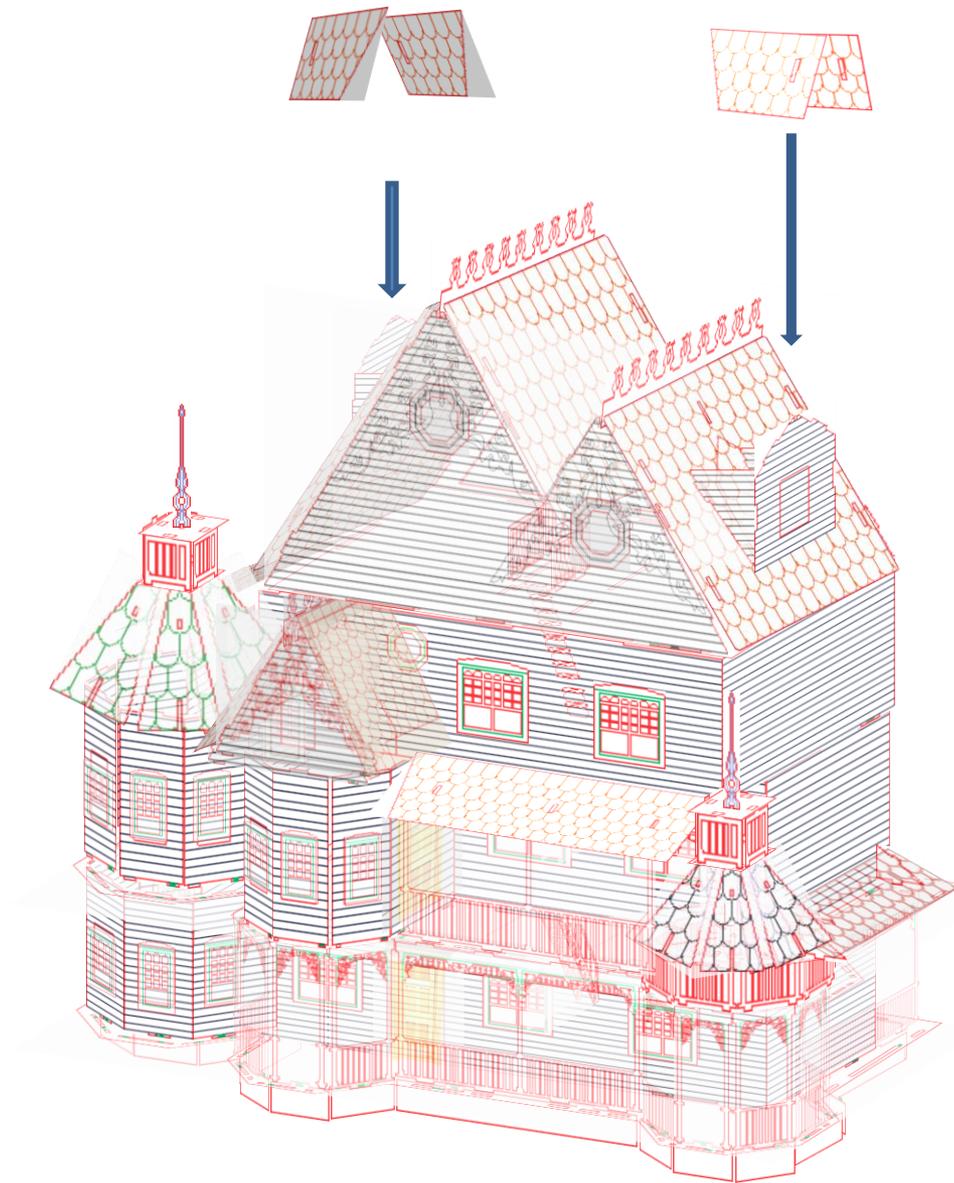

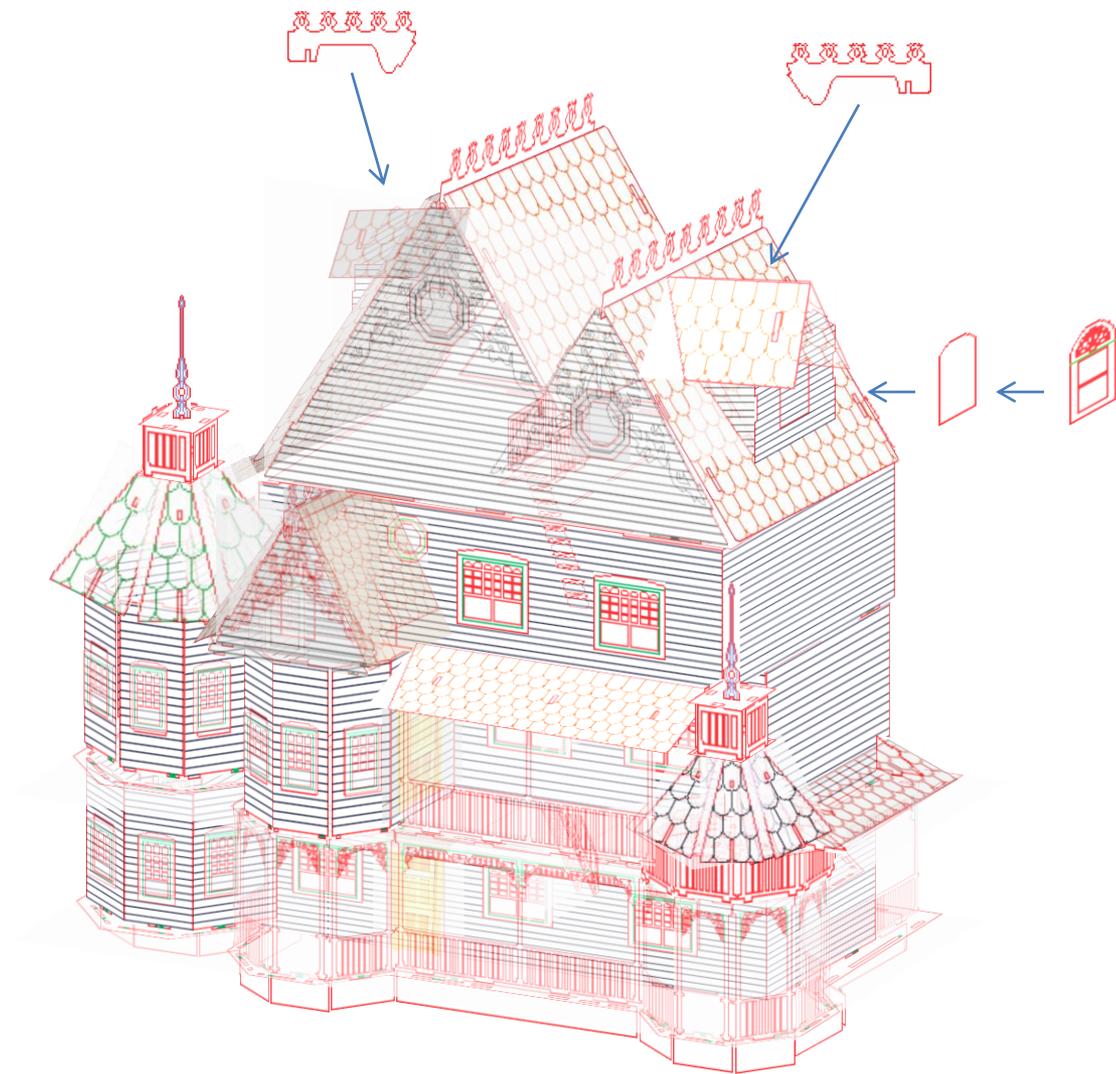

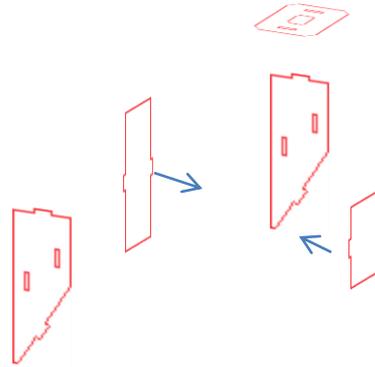

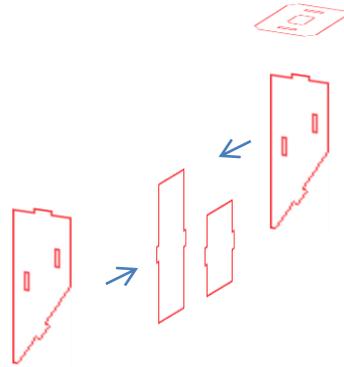

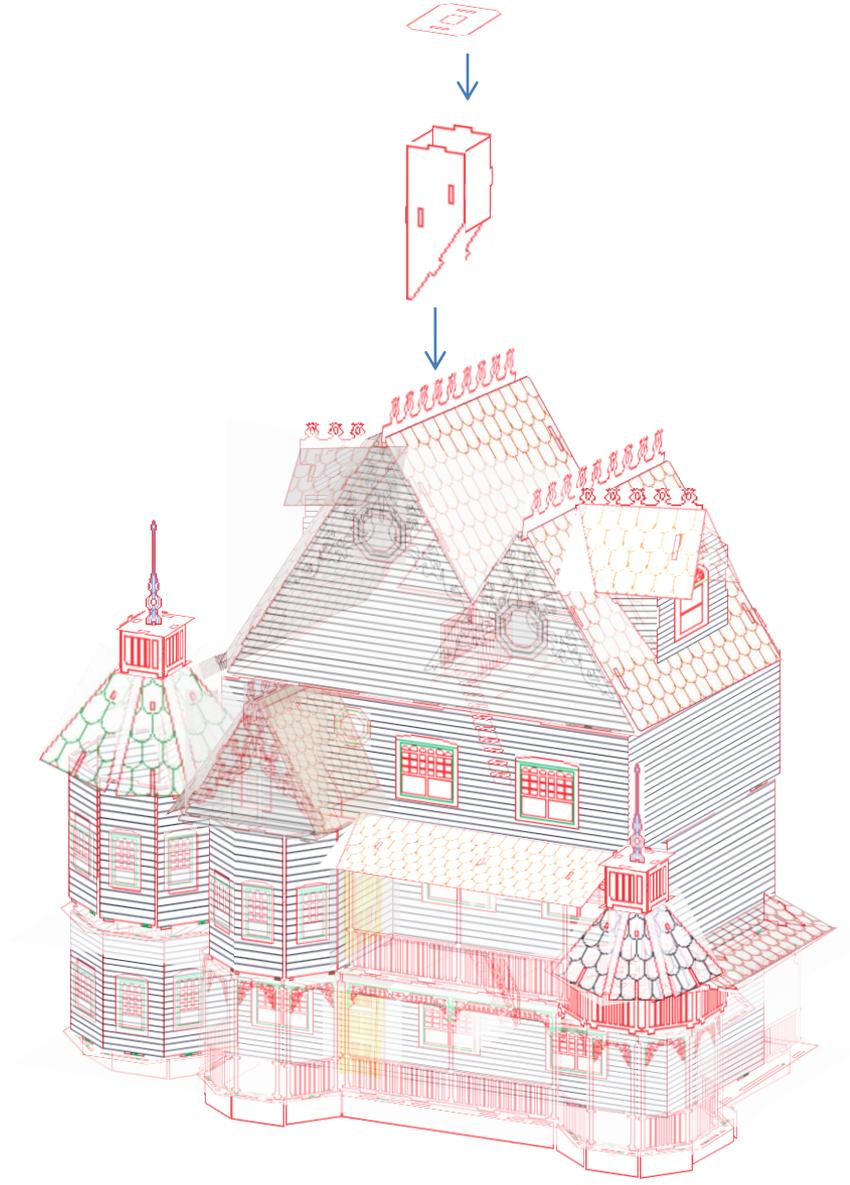

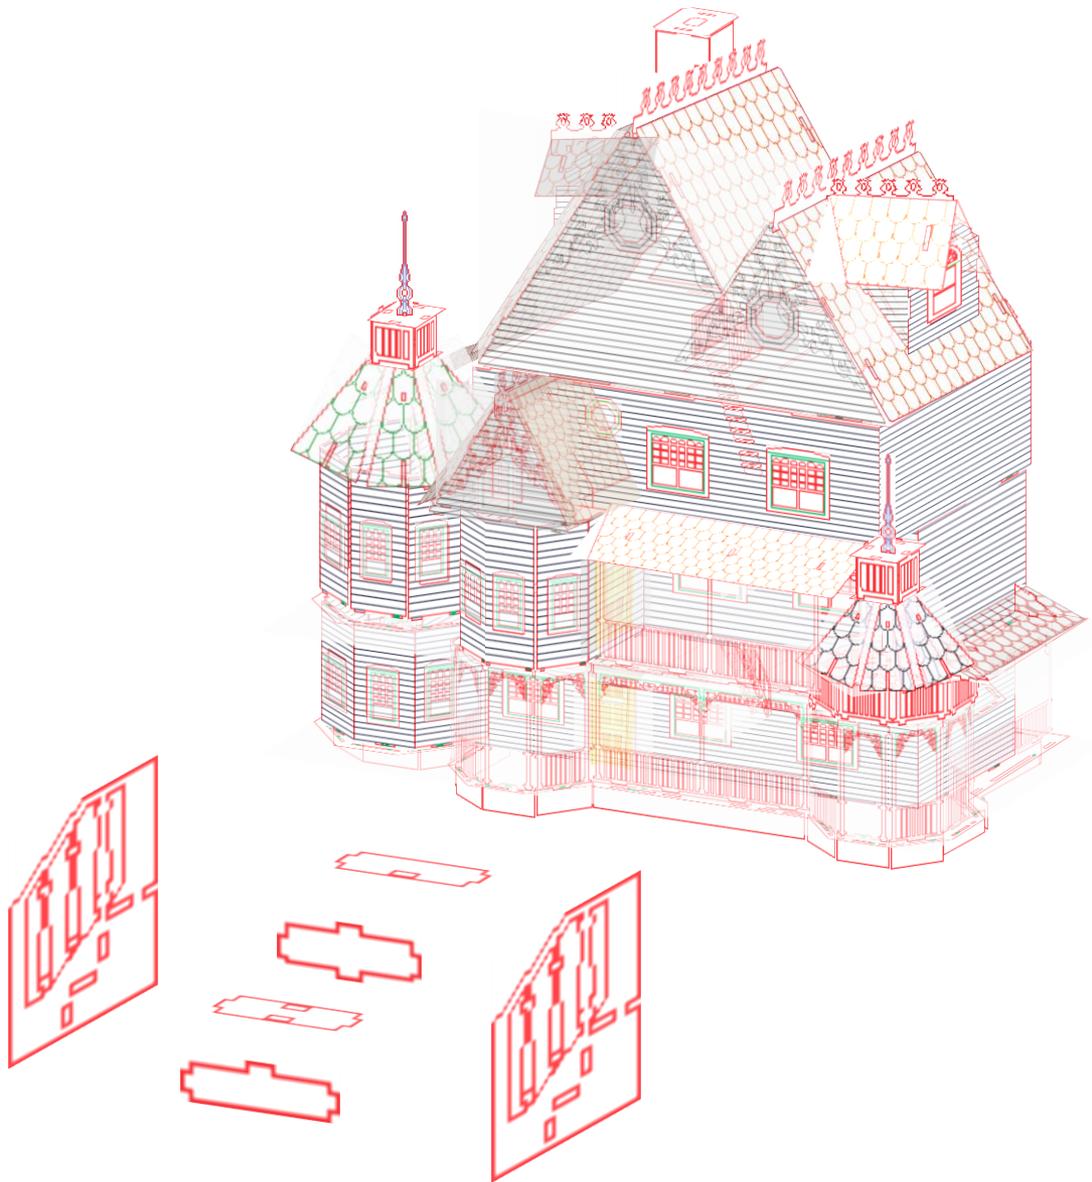

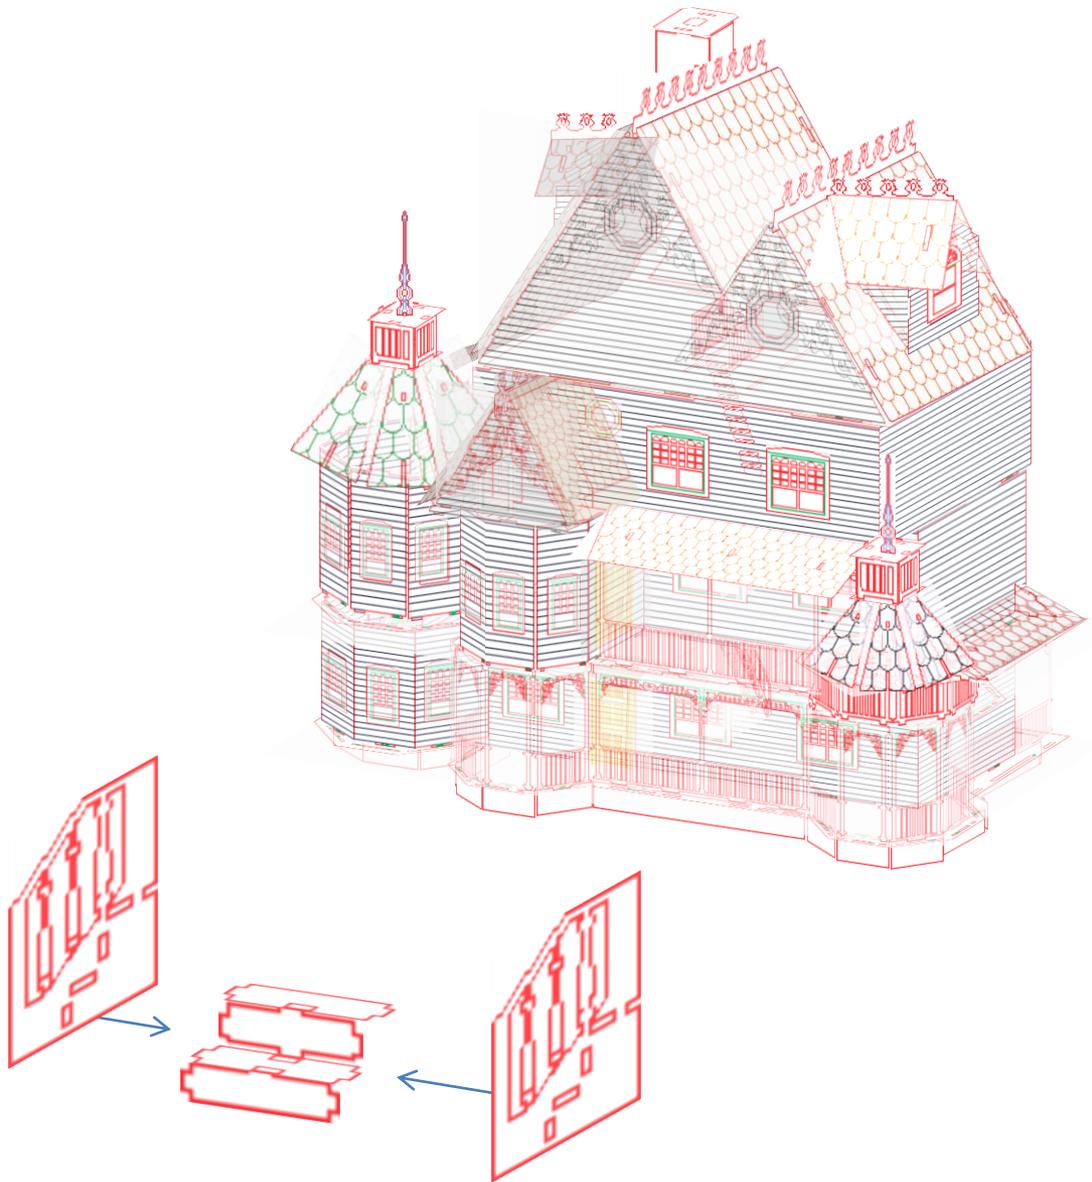

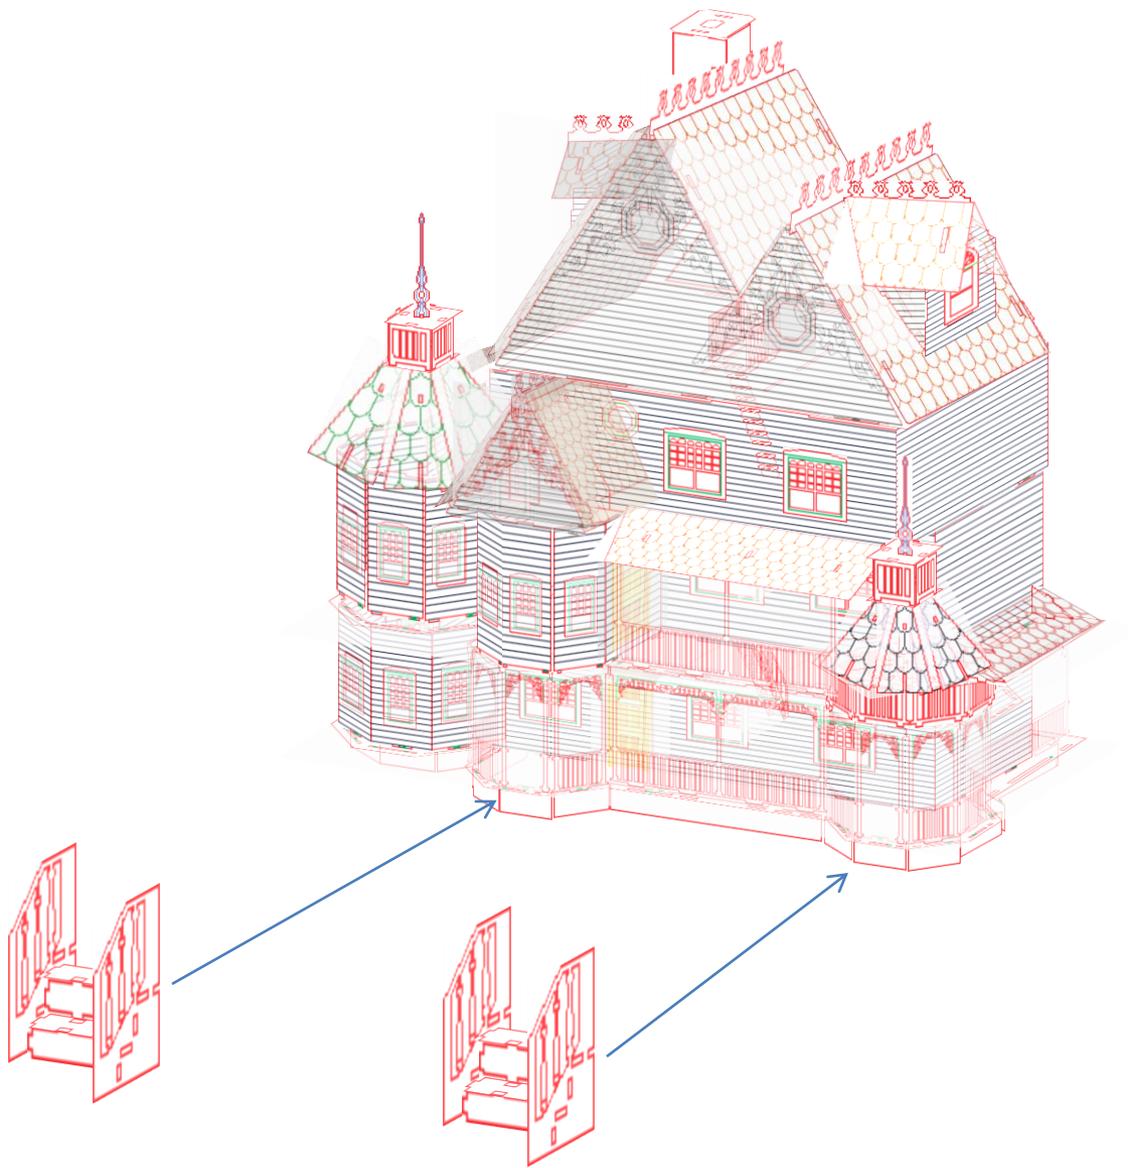

That is it, we are all assembled. Congratulations on your new Ashley Victorian and a big Thank you for your support.
